Chapter 27 - TELECOMMUNICATION FACILITIES AND TOWERS

5-27-1: - Definitions.
5-27-2: - License Required.
5-27-3: - Application for License.
5-27-4: - Special License Requirements.

5-27-1: - Definitions.

For the purpose of this Chapter the following definitions shall apply:

Telecommunication Facility: Any facility that transmits and/or receives electromagnetic signals. It includes antennae, microwave dishes, horns, and other types of equipment for the transmission or receipt of such signals, telecommunications towers or similar structures supporting said equipment, equipment buildings, parking area, and other accessory development.

Tower: Any structure that is designed and constructed primarily for the purpose of supporting one or more antennae, including self-supporting lattice towers, guy towers, or monopole towers. The term includes radio and television transmission towers, microwave towers, common carrier towers, cellular and personal communications service telephone towers, man-made trees, and other similar structures.

(Ord. 98-49)

5-27-2: - License Required.

It shall be unlawful for any person to locate any telecommunications tower or facility in the City of Englewood without first obtaining a license except amateur radio or receive-only antennae.

(Ord. 98-49)

5-27-3: - Application for License.

The application for a telecommunications tower or facility license shall be made in accordance with the provisions of Title 5, Chapter 1.

(Ord. 98-49)

5-27-4: - Special License Requirements.

Telecommunications tower and facility license holders shall inform the Licensing Officer of any additions to any tower or facility and pay any applicable fees within thirty (30) days of such additions. License shall not be transferred to any person or entity without the written permission of the City.

(Ord. 98-49)
