## Message from City Council

It is an honor to serve our community. During my time on Council, I have focused on the need for sustainable and enriching economic development, as well as effective management of the City's limited resources. Although economic conditions have been tough for many in our community, including the City, I see some signs of improvement.

The 2010 Budget has been fully audited and despite our recent estimate of a \$3.3 million shortfall (mostly due to disappointing sales and use tax revenues), management was able to cut that to under \$2.2 million by gaining additional efficiencies. Management and staff were able to realize additional savings in many departments and come in 2.5%, or over \$1.7 million, under budget in 2010. As for 2011, our financial reports to date are generally positive and show that year-to-date sales and use tax revenues are up over 6.6% over last year. However, we still estimate a General Fund shortfall of about \$3 million for 2011. Needless to say, we must remain diligent to ensure a sustainable City Budget.

As many of you know, I have been hosting monthly community meetings to help keep our community informed about what's going on in the City of Englewood and to get feedback from you. I believe that with this feedback, I can better represent us as a whole.

The monthly meetings are held at the Twin Dragon Restaurant, located at 3021 S. Broadway. The next meeting will be held on Wednesday, July 27 at 6:00 pm. I typically host these meetings on the last Wednesday of every month (although we sometimes need to reschedule or cancel, so check my webpage).

In addition to our monthly meetings, I also provide related information on my City webpage or by e-mail. So if you are unable to attend our meetings, please take a look at my webpage for updates at <http://joejefferson.englewoodgov.org> or e-mail me with "Add Me" in the subject line to be added to the list for e-mail updates.

As always, I invite your comments, questions, or concerns by e-mail or phone.

## Notice of Union Avenue Bridge closure *Construction project to begin soon*

The Union Avenue Bridge between South Santa Fe Drive and Federal Boulevard is slated to undergo major reconstruction in the coming weeks. During construction, the bridge will be closed to all traffic. We don't have a precise date for the start of construction, but it is anticipated to begin in late July or early August.

The Union Avenue bridge was originally constructed in 1965 and is in need of rehabilitation to ensure its continued safety for motorists.

Residents and businesses in the area will receive advance notice about the closure and planned

detours that will be necessary during construction. Large trucks are currently prohibited on West Union between Decatur Street and Federal Boulevard, but during construction it will be necessary to temporarily re-route truck traffic west on Union Avenue to Federal.

Complete construction updates will be available on our website ([www.engagewood.gov.org](http://www.engagewood.gov.org)).

We thank the residents and businesses in this area for their patience and cooperation during the construction project. If you have any questions about the project, please contact Englewood's Public Works Department at 303-762-2500.

## News from Neighborhood Services

**Love your Neighborhood: Neighbors Helping Neighbors**

*by Police Impact Team Supervisor Sergeant Contos*

The Englewood Police Department is dedicated to improving the quality of life in our neighborhoods by developing and maintaining positive and productive relationships with the community. We would like to encourage you, our neighbors and partners, to participate in a new program we call "Love Your Neighborhood: Neighbors Helping Neighbors."

The objective of this program is to enhance the quality of life for our citizens and provide each other with the resources to do so. Love Your Neighborhood: Neighbors Helping Neighbors will encourage neighbors to get to know one another and to offer assistance when needed. Examples of this may include assisting a disabled neighbor with shoveling snow from the sidewalk, helping a neighbor care for his yard, or checking on a neighbor who has not been heard from in a while. Additionally, by

encouraging neighbors to get to know each other, the neighborhood will strengthen and potentially lead to a safer community with reduced crime.

Finally, this program can help reduce and assist with some of those concerns that develop when neighbors rely solely on the Police Department or Code Enforcement to solve a dispute that could otherwise be peacefully resolved through a conversation between the involved neighbors.

The only requirement to participate is a genuine desire to make a difference and then take action to make it happen. Talk to your neighbors and let us know you are interested. For more information about the program, please contact your Neighborhood Watch Block Captain or you may contact Community Relations Specialist Toni Arnoldy at 303-762-2490 or by email at [neighborhoodwatch@engagewoodgov.org](mailto:neighborhoodwatch@engagewoodgov.org).
