6. **Recognition of Scheduled Public Comment**
(a) Elaine Hults addressed Council about a variety of concerns. She thanked Council for the fast response to fixing the light on Lincoln Street. She questioned the free electricity in Cushing Park and stated that this is an expense to the taxpayers as well as attracting other elements. Ms. Hults asked if a motel was ever considered instead of the upscale apartments. She questioned why money was being spent for a fire station location study instead of building up at the current location. How did we afford new golf carts and the housing they require? New education buildings do not a good student make.

(b) Francine Trujillo was not present to address City Council with concerns about parking at Belleview and Delaware.

(c) Vanita Jensen addressed City Council regarding parking concerns at Belleview and Delaware. She is concerned with people leaving their cars for long periods of time on their street, instead of parking in the apartments’ parking area. People are tossing trash onto the residential properties. According to Ms. Jensen, weekends are the worst. Their property is being vandalized and safety is a concern. It is mainly the apartment renters who are doing this as they don’t want to pay for a second parking space at the complex. Ms. Jensen is circulating a petition among her neighbors in an effort to establish permit parking on their neighborhood block.

7. Recognition of Unscheduled Public Comment

(a) Bruce Werner, an Englewood resident, said he and his wife are citizens and they participate in the community. He was disturbed at a recent Council meeting when it was stated that Keep Englewood Beautiful (KEB) may have lost its focus. He is a member of that commission and they spend a lot of time doing various activities. He brought up this question at their last KEB meeting. Mr. Werner reported that they had a good discussion and that they are doing what they have to do. He requested that if there is something else that they should be doing, please let them know.

Council responded to Public Comment.
