Make a splash this summer

Upgrading aging infrastructure and amenities presents challenges in most cities today, Englewood included. Since the financial recovery from the Great Recession, the City has been working on prioritizing and exploring funding options for capital improvements and infrastructure upgrades. To keep you informed, I’d like to highlight several of our most pressing areas.

Stormwater: Englewood’s stormwater drainage system, as is true for many communities in America, has aged and needs improvement. Replacing or expanding the stormwater drainage system is a big-ticket item and cannot be done in isolation from neighboring cities. Expanding one city’s system can cause back-ups as it flows into another city’s system that has not been improved. Council has authorized a detailed, independent study of our system, and will evaluate the results and share the information with the community in June before determining the needed improvements and funding options.

Friends of Englewood Parks: This grassroots group of neighbors, formed in September, are advocates of exploring funding options to help realize some of the improvements highlighted in the 2017 Parks & Recreation Master Plan. While grant funding has supported several park projects, additional sources of revenue will be necessary to renovate and maintain these important community assets.

Alley Improvements: Residents have been expressing renewed interest in the possibility of paving the City’s alleysways. While resurfacing our alleys might improve some drainage and minimize mud, ruts, and dust during dry seasons, the cost of the project would be significant. The City is revamping its alley maintenance to address immediate concerns, but we are searching for a long-term, cost effective solution to the problem. One part of the approach will include exploration of trash hauling options that limit the number of trucks going up and down alleys in larger numbers than alleys can withstand. Keep an eye out for more information as ideas develop.

Street Improvements and Street Lighting: Well-lit streets in all neighborhoods, parks and around area businesses promote safety for homeowners and visitors. Replacing older lights with energy efficient lighting can save significant costs over time, but require upfront investment. We also expect smooth, safe, and well-maintained streets and bridges as we make our way around the City. While maintenance has been happening over time, we know complete replacement is necessary at some point. Replacement costs are well above the City’s current revenues. We will continue to search for ways to invest carefully in street improvements.

As we head into the 2020 budget development cycle, please engage with us on what you think we should prioritize and how we approach funding. Thank you for continuing to invest in your community and a bright future for Englewood.

The City of Englewood counts on its conscientious citizens to conserve water during the summer months when lawns tend to consume the most water. There are many ways you can reduce the amount of water you use and still have a beautiful yard.

One of the most effective ways to conserve water on your lawn is to implement xeriscaping principles to reduce your water needs while still maintaining an attractive outdoor space. Xeriscaping is not just rocks and mulch. Rather, it is an approach to yard design that accounts for our semi-arid climate by using native plants combined with useful turf areas and efficient water use. A well-planned xeriscaping project can incorporate a variety of wildflowers and other native plant species while reducing watering needs by up to 60%.

If you’re not ready to move to a xeriscaped yard, that’s okay. Consider some of the following ways to reduce your outdoor watering needs for your current yard setup:

- Harvest rainwater from your gutters to water your garden or lawn.
- Reduce your water usage by switching your irrigation system to more efficient sprinkler nozzles. Rotary nozzles reduce water use by up to 39% while also reducing runoff and erosion.
- Invest in a smart controller for your irrigation system. A number of manufacturers offer systems that monitor the weather to reduce watering loads during cool and wet times.
- Limit your watering to 3 days a week and reduce evaporation by watering before 10:00 a.m. and after 6:00 p.m.

The Arapahoe County Open Space program has approved the City of Englewood’s grant application that will fund the Jason Park playground replacement. The project consists of removing worn and outdated play equipment and replacing it with new, safe, and ADA compliant equipment. The playground will have ADA compliant wood fiber fall surfacing, and separate play structures for 2- to 5-year-olds and 5- to 12-year-olds. Several of the old play structures will be repurposed into entry arbors and backdrops for seating benches.

As part of this project, playground amenities including three square picnic tables (one will be ADA accessible), three park benches, and one trash receptacle will be installed, benefitting all park users.

Based on community feedback, both areas will include social and solo equipment that promotes climbing, sliding, balancing, and swinging elements. An area just north of the playground is designated for digging play which includes standard and ADA accessible digging equipment. All the new playground equipment includes recycled materials.

The project will also involve planting seven shade trees, six ornamental trees, and replacing over 6,000 square feet of sod. The grant covers $512,900. Kudos to Englewood staff for finding a way to cover over 70% of the project’s expense with these grant funds!

Construction will begin in early August, starting with site preparation and demolition. The playground replacement is scheduled to be completed the second week of October.

Learn more about other park projects on page 19. I’m looking forward to seeing you at the new, improved, Jason Park!

LOCAL VOLUNTEERS MAKE IT GO BLOOM!

Ever wonder who helps maintain the flower beds that enhance our street corners, City parks and public facilities? These 25 flower beds are maintained by a variety of volunteers ranging from residents, business owners and community organizations.

Around 40 volunteers commit to maintaining their designated flowerbed(s) for the entire growing season from April to October. Each group spends up to three hours a week per location to plant, weed and monitor the water supply. At the end of the growing season, they are responsible for cleaning out the beds.

Without the assistance of these dedicated community volunteers, it would be nearly impossible for the City’s parks department to keep up. That’s why the program began roughly thirty years ago and remains an important partnership in the community today.

Parks staff till and add planting soil to the plots in the spring and are responsible for setting the watering schedule as needed. Volunteers get to choose their plants from a catalog, making each flowerbed truly unique. Some groups like to pick flowers based on color; some like drought tolerant varieties or pick flowers with pollinators, like bees, in mind.

EMERALD ASH BORER

A Threat to Colorado’s Native Ash Trees

The highly destructive, non-native insect is responsible for the death or decline of millions of ash trees in the U.S. and has already cost communities billions of dollars to treat, remove and replace.

In 2013, emerald ash borer (EAB) was confirmed for the first time in Colorado, in the City of Boulder. While there are no known cases of EAB in Englewood, the parks and recreation department has an EAB management plan ready to execute, and has also begun setting aside additional funds to combat the pest when the insect arrives.

Most of the City’s ash trees are located in neighborhoods on private property. It is estimated that the City has about a 15% ash tree canopy.

How to Protect Your Ash Trees

To help Colorado property owners determine whether their trees are susceptible to being killed by EAB, the Colorado State Forest Service and Colorado State University Extension offer a free app that will allow anyone with a mobile device to quickly determine whether a tree may be a potential target for the pest. The “EAB/Ash ID” app can be downloaded on almost any modern Apple or Android-based device and is easily located in app stores by searching for “ash tree.”
Until the 1940s: Englewood depended on the Denver Water Board

Increased rates drove a Citywide vote led by attorney Marcus Shivers and Mayor Charles Allen for Englewood to build its own water system. The City acquired senior water rights for ditches on South Platte River as well as two transmountain diversion projects. Having secured these senior rights, the necessary infrastructure was built to pump, treat and distribute the water to the people of Englewood.

As Englewood grew, water pressure and supply became an issue, resulting in the need to build McLellan Reservoir and three deep wells.

1977: Englewood solved its low water pressure issue

The City segmented the water distribution system in three separate pressure zones with separate sources, finally solving the issue for good.

When the original plant was built, there was less development upstream and in Colorado in general. The raw water was less contaminated and could be treated through chemical coagulation and sand filtration.

Mid 1990s: The plant gets an upgrade, then another...

Increased algae and nutrients in the Platte forced another major upgrade, where the plant was converted from a direct filtration process to a conventional treatment process that utilizes a combination of coagulation, sedimentation, filtration and disinfection to improve Englewood’s drinking water.

2013: Using the power of light to clean

Ultraviolet light disinfection was added to the system, a non-chemical process that utilizes the quality of UV rays to deactivate waterborne pathogens.

The future of Englewood’s water

The City’s top priorities continue to be maintaining an adequate water supply, constant improvements to the water quality, and meeting EPA regulations.

2015: Avoiding the hard stuff

The hard water from Big Dry Creek is in the process of being diverted around the water plant so that it doesn’t end up in the City’s water supply. This diversion will help to improve the taste of Englewood water. The City plans to use the hydropower created from diverting the water to power the facility lighting, as well as to light up the nearby bike path.

Protecting our rights

The Colorado constitution has a “first in time, first in line” rule when it comes to water, meaning that the older the rights are, the more priority is given them. With some of the oldest water rights in the state, Englewood’s most precious resource is protected for generations to come.

Because Colorado is the seventh driest state in the country, it’s no wonder Englewood’s water supply is one of its most precious resources. Fortunately, Englewood’s forefathers secured water rights early on—the same rights we rely on today for dependable, affordable water.
NOT YOUR AVERAGE JOE

DeMoor finds community connections all around him

Seven years ago, Joe DeMoor moved to Englewood from Buena Vista to be close to his six grandchildren and become more involved in their everyday lives.

“There’s nothing like being a grandparent, and I wouldn’t give up the opportunity to see them every week for anything,” he said.

After moving here, Joe stumbled upon the Malley Recreation Center on one of his daily bike rides. Since that day, he has been a member of the Center as well as a committed volunteer to its mission. He’s served on the Malley Advisory Council for six years and the Malley Trust Fund for three.

“The Center is a wonderful opportunity for folks 55 and older,” he said. “It’s really a special way to stay healthy and build community.”

At the top of his agenda is exploring the City with his young grandchildren, playing in the park and swimming at the Englewood Recreation Center. Joe has created a journal for each of his grandchildren, documenting these Englewood adventures together.

“By walking places and not being so dependent on a vehicle, there’s really a tendency to greet more people and promote community, which is really important in a city,” he said.

MEET YOUR NEIGHBORS

The department outgrew the old facility, built in 1972, which was not up to modern security, safety and accessibility standards. The old building will be demolished and a new, secured parking lot will be constructed.

A special thank you to Englewood voters who approved a tax increase in November 2016 to fund construction of the new facility.

AVOID A CODE VIOLATION

Whack Your Weeds and Overgrown Grass

Spring showers bring May flowers along with fast-growing grasses and tall weeds. Englewood businesses, homeowners, residents and landlords are responsible for maintaining the grass and weeds on their property. This includes the front, back and sides of a yard as well as the property areas adjacent to alleys and sidewalks.

Any grass or weeds over six inches tall are in violation of Englewood Municipal Code 15-6-1 and 11-5-5.

How to Stay Within Code:

• Englewood lawns should be mowed.
• All yard waste such as dry grass, cut tree limbs and brush should be properly disposed of and not placed or dumped in the alley.
• Check with your licensed trash hauler for proper disposal options.

Bonus:
A well-maintained yard and alleyway is also an effective crime prevention tool.

Code Enforcement Tip Line:
303-762-2335 or visit englewoodco.gov.

The mission of the Code Enforcement unit is to enhance and preserve our neighborhoods and business districts while providing a safe, healthy and environmentally friendly community. We strive to gain voluntary compliance through education, community involvement and enforcement of ordinances in a fair and unbiased manner while providing superior customer service.
It’s not solely up to you to keep our City sustainable. There are supportive organizations right here in Englewood whose purpose it is to educate and provide tips and classes on how the small differences we can make will positively impact our already great community.

4 Tips to Transform Your Yard

Citizens Alliance for a Sustainable Englewood (CASE) is dedicated to helping our residents’ yards become a place of beauty and calm, while reducing yardwork and water use.

1. Trim down the amount of grass. Instead of edge-to-edge turf grass, cut in around the edges to make your grass plot more rounded. Consider a meandering stone or brick pathway through the middle, or an island.

2. Don’t be afraid to experiment. Look around the neighborhood for flowering plants, bushes, and groundcovers that thrive. Look for the PlantSelect label or low water section in your local garden shop.

3. Think twice before using herbicides and pesticides. Plants that are adapted to our semi-arid Colorado climate require less herbicides and pesticides.

4. Treat yourself. Gardening can clear your head of all the clutter and stress, giving you literally a breath of fresh air.

Learn more about CASE, their many projects, lawn tips, or how to volunteer at sustainable-englewood.org.

5 Ways to Declutter

Keep Englewood Beautiful (KEB) is a City Board and Commission that promotes community participation and environmentally responsible behavior through partnerships with citizens, schools, businesses and government agencies.

1. Household Hazardous Waste Roundup: In September, Englewood and Littleton partner to allow residents to drop off hazardous chemicals and electronics for a small copay.

2. Leaf Drop-off: During the fall, Englewood and Littleton partner to give residents a location to drop off their leaves.

3. Composting Classes: Last year, KEB hosted two composting classes where residents could come and learn about composting from a Master Composter from Denver Urban Gardens.

4. “Water-Wise Landscaping” Education Series: May 1 and August 7. These classes will deal with landscaping with water conservation in mind.

5. Great 2019 Park Clean Up Event: June 22. It’s easy to participate! Bring your friends and family, a water bottle, and KEB will provide all necessary supplies.

The public is invited to attend all classes and open meetings as well as apply to Boards and Commissions.

Parks Department Does its Part, Too

• Englewood playgrounds are created with 30–40% recycled plastic and wood fiber.
• Denver Regional Council of Governments (DRCOG) funded a transition to battery operated chainsaws and trimmers, allowing for the reduction of emissions and gases into the air.
• Englewood Parks is using a spot-spraying technique with organic fertilizers only where necessary.
• The department does not spray openly for mosquitoes, they use dunks which attack the larvae instead of the actual insect.
• The City provides three drop off locations every year to recycle your Christmas Trees, which in turn becomes free mulch for our citizens or for use in public areas.

Our Police Build for the Future

The City worked with CBRE to ensure the new police services building was to be considered as a Class A Office Environment, enabling an environment that’s sustainable and facilitates connections in the community.

Here are some innovations that are integral to creating this environment:

• All lights are LED.
• Improved air quality through programmed cycles based on the outside temp and air condition.
• Skylights were installed to eliminate the need for artificial lighting in some areas.
• Energy codes for the building score at least 15% higher than the minimum required.
You Can Run for City Council!

Englewood General Municipal Election Nov. 5

Voters will elect four council members on Tuesday, November 5, including one representative each from District 1 and District 3, and two at-large members. All four seats are for four-year terms.

Englewood residents interested in running for Englewood City Council may pick up candidate information packets from the City Clerk’s Office, 1000 Englewood Parkway, third floor. Candidate information packets are also available on the City’s website. If you would like to discuss the process, please contact the Englewood City Clerk’s Office to set up an appointment.

All Municipal Elections are nonpartisan.

How to Get Your Name on the Ballot

At the time of the election, a candidate must be:
- A citizen of the United States
- 25 years of age or older
- A registered elector of the City for at least one year immediately preceding the election
- A resident and registered elector in the district for which you are applying

The Candidate Petition Process

- Candidates are required to sign an affidavit, confirming qualifications.
- Each candidate must be nominated by petition and signed by at least fifty (50) registered electors residing within the municipality, or the district, from which the officer is to be elected.

Important Dates

- August 6 – Nomination petitions will be available in the City Clerk’s office beginning at 8:00 a.m.
- August 26 – Deadline to file nomination petitions with the Englewood City Clerk is 5:00 p.m.

It is vital that anyone interested in running for office contact the City Clerk’s office for information regarding the Colorado Fair Campaign Practices Act (FCPA). Within 10 days after announcing your candidacy, file the “Candidate Affidavit” form with the Englewood City Clerk. The “New Committee Registration Form” must be filed with the City Clerk before accepting a contribution or making expenditures.

Visit www.govotecolorado.com to check that your voter registration is active and your mailing address is current. Ballots are not forwarded by the Postal Service, even if you have submitted a Change of Address Form to the post office.

For further information, please contact the City Clerk’s Office, cityclerk@englewoodco.gov or you can reach us at 303-762-2405, 303-762-2429 or 303-762-2318.

ASSOCIATE JUDGE NEEDED

Apply by May 31

Englewood Municipal Court is seeking a relief associate judge. The qualifications for associate judges are set by City Charter and are the same as the presiding judge:

“The Municipal Judge shall be an attorney-at-law admitted to practice in Colorado, and shall have had a minimum of two years’ experience in the active practice of law and be a registered elector of the City.”

Residents interested in the position should submit their resume and a letter of intent to the Presiding Englewood Municipal Judge, Joe Jefferson, at 3000 Englewood Parkway, Englewood, CO 80110. The deadline to apply is May 31.

The selected candidate will be recommended by Judge Jefferson to City Council for appointment to a four-year term.

ENGLEWOOD CELEBRATES 34 YEARS AS A “TREE CITY”

For the 34th year in a row, the City of Englewood has received Tree City USA designation by the Arbor Day Foundation. Englewood received Tree City USA recognition again in 2019 by meeting the program’s four core standards of sound urban forestry management, including:
1. Maintaining a tree board or department
2. Having a community tree ordinance
3. Spending at least $2 per capita on urban forestry
4. Celebrating Arbor Day

Each year, the parks department celebrates Arbor Day by offering a limited number of trees at a discounted rate for residents to plant at home. This year, the event took place on Saturday, April 20 and a variety of trees were available to choose from, including fruit trees, elm, maple and other varieties.

For more information regarding next year’s tree sale, please call 303-762-2684 or visit englewoodco.gov.

COMMUNITY NEWS

CREATING A COMMUNITY-CENTERED CORRIDOR

Englewood is continuing to move toward the goal of bringing new life to South Broadway.

The City received a $7,500 grant from the Urban Land Institute—one of only four awarded in the country—to participate in its Healthy Corridors Study. The program helped identify ways Englewood could improve the South Broadway corridor to better reflect the culture of the community, promote a healthy and active lifestyle, enhance bike and pedestrian access and transform the area into a destination where residents and visitors will want to spend time and money.

By working with ULI, Englewood has access to global leaders in urban development, who have developed best practices and effective programs for making cities better places for everyone to live.

South Broadway is a beloved corridor—it’s quirky, local and entrepreneurial. However, its length, high-speed traffic and low density make it difficult to encourage the many uses the City desires.

THE GREAT OUTDOORS... OF ENGLEWOOD

Thanks to the Arapahoe County Open Space program, Englewood was recently awarded over half a million dollars for Belleview, Jason and Rotolo parks. So what does this mean for you? New park, playground and shelter amenities for everyone to enjoy.

Belleview Park Becomes More Accessible

The Belleview Park shelter improvements include a brand new 16’ x 28’ shelter, a vault toilet and renovated walkways that are more accessible for all abilities. The shelter area will also include new picnic tables, benches, and BBQ grills, benefiting park users and increasing rental opportunities for the community. Upgrades were completed in fall 2018.

Rotolo Park Improves Your Picnic

Enhanced amenities at Rotolo Park include a new shelter, picnic tables and benches, trash cans and a BBQ grill. These additions build upon previous upgrades that were completed in spring 2017, further enhancing the community park and adjacent open space area. The latest improvements were finished in spring 2018.

Jason Park Goes Interactive

At Jason Park, funding will support an interactive outdoor play area for a wide range of ages and abilities. Specifically, a play area for 2- to 5-year-olds and one geared toward children ages 5 – 12.

Based on community feedback, both areas include social and solo equipment that promotes climbing, sliding, spinning, balancing and swinging. An area just north of the playground will feature a sandbox-like digging area, complete with both standard and ADA accessible digging equipment.

Completing the play area, the landscape and pathways will be enhanced to provide a more enjoyable experience for our guests. More than 30% of the equipment will be built from recycled materials, including elements from the old playground that will be repurposed and revamped. New and improved amenities at Jason Park are scheduled to be complete by the end of 2019.

WELCOME TO YOUR CITY COUNCIL MEETINGS!

When does City Council meet?

Regular business meetings are usually held the 1st and 3rd Monday of each month at 7:00 pm in the Council Chambers on the 2nd floor of the Civic Center, 1000 Englewood Parkway. During these meetings, Council takes formal action on matters related to official City business. Visitors are welcome and may sign up to speak.

Study Sessions are scheduled as needed, usually at 6:00 pm on Monday evenings in the same location. During these meetings, Council discusses detailed information useful to their decision-making process. Visitors may attend but will not have the opportunity to address Council.

How do I know what’s on the agenda?

Meeting agendas are posted on the bulletin boards in the Civic Center and are available online at englewoodgov.com/council/Portal/ no later than the Friday before the Monday meeting.

How do I arrange to speak at a meeting?

To speak at a regular meeting, contact the City Clerk’s office by 5:00 pm on the Wednesday before the Monday meeting at cityclerk@englewoodco.gov or 303-762-2429. Your time will be limited to 5 minutes. You may choose to add your name to a sign-up sheet just before the regular meeting. Your time will be limited to 3 minutes. Council may limit the overall time for public comment as necessary for efficient conduct of the business meeting.

What should I expect when I address City Council?

The speaker will address Council from the podium. All meetings are recorded and the speaker’s comments will be part of the public record. Council members may ask a clarifying question but there will not be any discussion or dialogue.

All attendees are required to pass through a security checkpoint and leave any concealed weapons with the police during the course of the meeting. All speakers are expected to address Council respectfully to encourage productive civic discussions.

SWIMMING LESSONS
Englewood Recreation Center • 1155 W. Oxford Ave.

Infant and Toddler
Babes & Tots (6 mos – 3 yrs)
Introduction to the water with a focus on safety and primary water skills including submersion, bubbles, and water play in a fun, family environment.

Sea Lion (4 – 5 yrs)
These little ones can float for 10 seconds, roll over, and kick 10 meters to safety.

Otter (4 – 5 yrs)
These little ones are happiest going under water and are just starting to float on their own.

School Age
Stingray (6 – 14 yrs)
Swimmers with limited experience or basic skills should start here. Cautious and adventurous alike will find success in this class. Floating, kicking, and breathing will be mastered here.

Dolphin (6 – 14 yrs)
Swimmers will be conditioned to float, kick, and breathe for longer distances while core swimming skills are introduced and mastered.

Aquatic Personal Training
Need to kick it up a notch, somewhere to start, or rehab an injury?

Private Swim Lessons
If you need more flexibility or an individualized approach to your unique needs sign up for private swim lessons. Please allow up to 2 weeks for placement with an available instructor.

Call 303-762-2680 or email kwallace@englewoodco.gov to schedule your lesson.

Preschool
Seahorse (2½ – 3½ yrs)
These are our most experienced little swimmers, working on freestyle and backstroke drills, with the goal of being able to swim 15 meters with ease.

Barracuda (6 – 14 yrs)
Swimmers completing this class will have all the skills necessary to swim for fitness, join a swim team, or take lifeguard training.

Masters Swim Team
Ages: 15 yrs +
Coach led workouts to fit the goals of novice swimmers or long distance devotees to the 5 am workout. Must love flip flops and early mornings.

Take your swimming skills to the next level on our year-round CARA recreational swim team. Swimmers must be proficient in freestyle and backstroke.

Tidal Waves
Ages: 6 – 17 yrs
Take your swimming skills to the next level on our year-round CARA recreational swim team. Swimmers must be proficient in freestyle and backstroke for 25 meters.

PIRATES COVE
1225 W. Bellevue Ave. • 303-762-COVE (2683) • piratescovecolorado.com
Senior Recreation Supervisor: Brad Anderson • banderson@englewoodco.gov • 303-762-2659
Aquatic Coordinator: Brittany Osbon • osbon@englewoodco.gov • 303-783-6974

Water and Sun Safety
At Pirates Cove our priority is your safety. Although we have lifeguards stationed throughout the park, it is important that you remain with your child at all times if they are under eight years of age or unable to swim. Skin cancer is the fastest growing form of cancer in the United States, with one million new cases diagnosed each year. It’s widely known that protection from the sun’s rays could prevent about 90% of all skin cancer cases. Youths are the most at risk for overexposure and have the highest rates of disease due to overexposure before the age of 18. Look for posters inside Pirates Cove.

The Treasure Chest
Did you forget your sunscreen, maybe misplace your towel? Not to worry, Pirates Cove has you covered. Located inside the entrance, we carry swim goggles, sunglasses, towels, sunglasses, swim diapers, disposable cameras, souvenirs and of course Pirates Cove T-shirts and hats.

Barnacle Café
Fun in the sun can sure work up an appetite! Join us for lunch or snacks at our very own Barnacle Café. We offer hot dogs, hamburgers, French fries, and fresh made pizza. Cool off during the day with a Pirates Favorite, Blue Bunny ice cream. Enjoy an ice cold soda or ICEE in one of our souvenir cups. Purchase the cup and get $1 refills all summer long. Visit our Shared Ice stand and select from over 50 flavors.

Pre-purchase tickets
Maties can avoid the pay lines. Pre-purchase your tickets for Pirates Cove on the day you plan to visit and save money! The price is $25 for one day and $40 for two days admission on a future day during the current operating season. If the weather passes. If we happen to close for the reminder of the day, admission for the day with a Pirates Favorite, Blue Bunny ice cream. Enjoy an ice cold soda or ICEE in one of our souvenir cups. Purchase the cup and get $1 refills all summer long. Visit our Shared Ice stand and select from over 50 flavors.

See Tidal Waves & Deep Water on page 38.
See Tidal Waves Swim Team on page 38.
See Deep Water Fitness on page 37.

Rain Policy: Safety is our top priority and we will close the facility in case of severe weather, but will re-open 30 minutes after severe weather passes. If we happen to close for the remainder of the day, guests on site can have their admission receipt stamped to use for admission on a future day during the current operating season. If the weather is below 65° and the forecast calls for 65° or below, we will not open the facility. No refunds.

PARTIES AT PIRATES COVE!!!
Birthday Parties! Sports Teams! Special Events! Pirates Cove is the best place to celebrate. Choose the Captain Cook party for 1-15 guests for only $32 or the Billy Bones package for 16-25 guests for $394. Packages include full day admission to Pirates Cove, private tables on our party patio, court yard or RiverSide for 2 hours, cake, ice cream, soda, paper products, goodies bag, Big Squirt for the Birthday person. Pizza can be added to either of the two packages. Go to our website www.piratescovecolorado.com to book your party online.

Class Registration
Class registrations are taken at the Englewood Recreation Center, 1155 W. Oxford Ave. and online at www.englewoodrec.org. Drop-off registrations will also be accepted at Pirates Cove. Classes not meeting the minimum requirement will be canceled three days prior to the class start date. If the class you want is full, ask to be put on the waiting list. Classes are often added if a sufficient number of names appear on the list. Please check the Accelerated Swinimg class descriptions on page 38 prior to enrolling in a class. If you have questions on your child’s placement for Pirates Cove classes contact Kathy Wallace at 303-762-2680.

SUMMER EVENTS
FREE Englewood Open House: 5/29
Summer is warming up, so on 5/29 we are holding an open house for the community to come to Pirates Cove and enjoy an evening of swimming and visit with some of our community business partners.

World’s Largest Swim Lesson: 6/20
Drowning remains the second leading cause of unintended injury related death of children 1-14. Pirates Cove is proud to be one of hundreds of facilities promoting Learn to Swim. Come to Pirates Cove on 6/20 for a free half hour swim lesson. After the lesson, feel free to stay and work on the skills you learned and play for a reduced rate.

Christmas in July: 7/25
Come celebrate Christmas in Pirate style on 7/25. Pirates Cove will be decked out in Christmas style on this day and yes, you can expect a special visit from Santa.

Adult Nights: 6/19, 7/17 and 8/7
These three nights are set aside for adults only to enjoy Pirates Cove without the little buccaneers. Grab a friend and come out and play from 6:30 – 8:30 pm for only $6.

Food Drive: 7/7 – 7/13
Pirates Cove is teaming up once again this year with IFCs. 7/7 – 7/13 bring in a non-perishable food item and receive a coupon for a free 22 oz. soda at our Barnacle Café.

PIRATES COVE
OUTDOOR / HIKING

Mountains Hiking Adventures – All Levels

Enjoy Colorado as she blooms into spring with one of our many levels of hiking adventures. For any hike, come prepared with a daypack, hiking boots, sack lunch, water (more if it’s hot), rain gear, hat, sun lotion, insect repellent, whistle, walking stick, warm clothing and money for a possible ice cream stop. During hikes each participant will be asked to hike with a partner. Please pick a hike appropriate to your ability and fitness level. Hikes depart from the Malley Recreation Center, 3380 S. Lincoln St. Locations are subject to change depending on weather or trail conditions.

Fee: $21, Resident: $17

Easy Hikes

If you love to walk in the mountains, check out these easy hikes! The easy hikers will go with the other hikers, but will walk easier trails of 1–3 miles with little or no elevation gain. However, be aware of the starting elevations. Please determine how long of a hike you can walk based on your current fitness level. Come prepared with a daypack, hiking boots, sack lunch, water (more if it’s hot), rain gear, hat, sun lotion, insect repellent, whistle, walking stick, warm clothing, and money for an ice cream stop. Bring a good book or sitting activity that you can do while enjoying the outdoors.

Fee: $21, Resident: $17

STEP ONE: Essential Pilates Orientation
Ages: 16 yrs +
Explore Pilates! Pilates is a method of exercise and physical movement designed to stretch, strengthen and balance the body. Learn the history and how the reformer works. Exercises are low impact and may be adapted for individuals of any fitness level. When completed, your instructor will determine which step will be best for you based on your level. Please register in advance.

STEP TWO: Pilates Reformer Principals
Ages: 16 yrs +
In these two private sessions learn the core principles and concepts of the Pilates method. Once you have completed the private sessions and meet the requirements, you may move into Beginning Pilates Reformer class. As an extra benefit you will receive a $10 discount coupon on future classes. Call 303-762-2678 to schedule your first private session.

STEP THREE: Beginning Pilates Reformer
Ages: 16 yrs +
Beginning Pilates Reformer will start you on your Pilates road to success. Beginning Pilates Reformer is designed for those who have taken at least two sessions of Essential Pilates Principles or instructor’s permission.

STEP FOUR: Continuing Pilates Reformer
Ages: 16 yrs +
Build upon your skills to learn more dynamic exercises. Enroll in Continuing Pilates Reformer upon completion of four months of Beginning Pilates Reformer classes.

Pilates Personal Training
Perfect for: beginners needing one-on-one instruction; experienced exercisers ready for advanced move; athletes wanting to improve performance; and individuals in post-rehab following an injury. Each session is 60 minutes. To schedule, call 303-762-2678. Your call will be returned within two business days. Yoga Personal Training also available.

Tell Me on a Sunday – Silverthorne
Head to the mountains to the Lake Dillon Theater Company for the Andrew Lloyd Webber and Don Black's classic "Tell Me on a Sunday." It charts the course of a young English girl arriving in New York. Barring with optimism, she sets out to seek success, companionship and love. But, as she weaves her way through the city, with anxieties, frustrations and heartaches she begins to wonder whether she's been looking for love in all the wrong places. Some mild language and sappy ballads. Fee includes appetizers, complimentary drink, show, escort and transportation.
6/16 Su 10:15 am – 6:00 pm $39/$34 32060111

**Why does it matter?**
Phosphates and nitrates in pet waste contribute to algae growth, causing low oxygen in the water that can kill fish and other aquatic life.

**What you can do!**
- **PICK UP:** Carry extra pet waste bags on every walk
- **PITCH IT:** Throw pet waste bags in the garbage
- **PAY A SCOOPER:** There are local and affordable pooper scooper businesses available online

**Scoop the Poop!**
Protect our Water
1.4 million dogs in Colorado generate 12 oz. of waste per day. That’s a total of 390 million pounds of poop each year. If dog owners don’t clean up after their poohers, that creates a potential of 390 million pounds of poop washing into our waterways every year.
