Agenda Item: 9 a i
Subject: CDOT Traffic Education and Enforcement Grant

Staff Source: Gary Condreay, Commander

COUNCIL GOAL AND PREVIOUS COUNCIL ACTION

The Colorado Department of Transportation Traffic Education and Enforcement Grant program was discussed at the City Council Study Session on April 11, 2011.

CDOT will reimburse these agencies for overtime hours spent on these projects. These projects are:

1. 2011 High Visibility Impaired Driving Enforcement Campaign: Funding is $4,400.
2. Motorcycle Awareness Training: Funding is $747.19.

Re: Intergovernmental Agreement

The Traffic Enforcement Team has recently been approached by the Colorado Department of Transportation (CDOT) regarding funding opportunities. One of these programs relates to the Click it or Ticket campaign that is held on an annual basis, of which we have participated. I have spoken to Kathy Cassal, Finance and we have not been able to locate an ordinance pertaining to this activity.

I have spoken to Nancy Reid regarding this issue and the fact that CDOT will not sign any IGA that is below a $100,000.00 threshold. It is my understanding that we can still proceed with our IGA that will accept the funding from CDOT without their signature.

There may be a very old Council Bill for an Ordinance accepting the funding for the Click it or Ticket campaign but since we cannot locate it I feel that it should be included in a future request to Council authorizing acceptance of the funds. I have attached the announcements and correspondence from CDOT which outlines their request for our participation. My plan would be to prepare one Council Communiqué which would detail the funding opportunities for this year with CDOT. If you agree with my assessment then we will proceed with the communiqué for an ordinance.

There is one program in March which we conducted but I have instructed those involved not to accept any funding until approved by Council. The Programs are:

1. 2011 High Visibility Impaired Driving Enforcement Campaign: Funding is $4400.00 – conducted on three dates throughout the year
2. Motorcycle Awareness: funding is $747.19
3. Click It or Ticket: funding is $3000.00

**COUNCIL GOAL AND PREVIOUS COUNCIL ACTION**

Council has reviewed this amendment and alternatives in past study sessions.

**RECOMMENDED ACTION**

Staff would like to recommend to City Council that Englewood Municipal Code 7-7-7 Section A, pertaining to Emergency Medical Transport Fees, be revised to comply with Federal and State Statutes and current insurance regulatory requirements.

Staff is recommending that the last sentence of Section A: “The City shall contribute a twenty percent (20%) subsidy to Englewood residents.” be deleted from the ordinance.

**BACKGROUND, ANALYSIS, AND ALTERNATIVES IDENTIFIED**

The issues related to E.M.C. 7-7-7 as it is currently written were presented to Council in a memo to Mayor Woodward and Members of Council, dated December 1, 2010. Staff has researched numerous options, including several suggested by Council members, to resolve the conflicts inherent to the ordinance as it stands. Most have regulatory or logistical problems that make them unworkable.

Deletion of the clause calling for a 20% subsidy will eliminate the conflicts, while still allowing residents to apply for a reduction in their ambulance transport fee based on financial hardship.

Providing residents with the option of requesting a reduction based on hardship meets both regulatory and logistical concerns and addresses the intent of the original ordinance. Any reduction in the ambulance transport fee would be applied to the outstanding balance after insurance payments, including Medicare and Medicaid, are applied to the initial fee.

**FINANCIAL IMPACT**

Any financial impact to the City will be dependant on the number of requests for consideration based on hardship received for review by the EMS Billing Committee.

ORDINANCE NO. __________ SERIES OF 2011
COUNCIL BILL NO. 22 INTRODUCED BY COUNCIL MEMBER __________

A BILL FOR

AN ORDINANCE AMENDING TITLE 7, CHAPTER 7, SECTION 7, OF THE ENGLEWOOD MUNICIPAL CODE 2000, PERTAINING TO EMERGENCY MEDICAL TRANSPORT FEES.

WHEREAS, in 1994, The City of Englewood amended the Englewood Municipal Code regarding ambulance transport fees to provide for a twenty percent (20%) subsidy for Englewood residents and established an EMS Billing Committee to review appeals and protests; and

WHEREAS, the City was notified by the Colorado Division of Insurance Department of regulatory agencies that this subsidy may be a violation of the state statutes; and

WHEREAS, because of the ambiguity associated with this subsidy and significant changes in the insurance industry, this subsidy should be eliminated while keeping the option for patients who are facing a financial hardship to ask for some relief;

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ENGLEWOOD, COLORADO, AS FOLLOWS:

Section 1. The City Council of the City of Englewood, Colorado hereby authorizes amending Title 7, Chapter 7, Section 7, “Emergency Medical Transport Fees”, of the Englewood Municipal Code 2000, to read as follows:

7-7-7: Emergency Medical Transport Fees.

A. A fee shall be charged for any person transported by the Englewood Fire Division. The fee established shall be the usual and customary charge for such service in this community. The City shall contribute a twenty percent (20%) subsidy to Englewood residents.

B. "Transport" shall mean the actual physical transport from one place in or near the City to another place by the use of transport equipment of the City of Englewood.

C. The City Manager shall cause to have promulgated in writing reasonable billing and collection procedures.

D. An ambulance billing review panel, consisting of members of the community and City staff, shall be established by the City Manager to hear appeals and protests, and to make adjustments to transport fee billings when deemed reasonable and appropriate. Unless otherwise determined, failure to pay the fee established shall constitute a violation of this Section.

E. The effective date for implementation of this Section will be January 1, 1995.
Section 2. Safety Clauses. The City Council hereby finds, determines, and declares that this Ordinance is promulgated under the general police power of the City of Englewood, that it is promulgated for the health, safety, and welfare of the public, and that this Ordinance is necessary for the preservation of health and safety and for the protection of public convenience and welfare. The City Council further determines that the Ordinance bears a rational relation to the proper legislative object sought to be obtained.

Section 3. Severability. If any clause, sentence, paragraph, or part of this Ordinance or the application thereof to any person or circumstances shall for any reason be adjudged by a court of competent jurisdiction invalid, such judgment shall not affect, impair or invalidate the remainder of this Ordinance or its application to other persons or circumstances.

Section 4. Inconsistent Ordinances. All other Ordinances or portions thereof inconsistent or conflicting with this Ordinance or any portion hereof are hereby repealed to the extent of such inconsistency or conflict.

Section 5. Effect of repeal or modification. The repeal or modification of any provision of the Code of the City of Englewood by this Ordinance shall not release, extinguish, alter, modify, or change in whole or in part any penalty, forfeiture, or liability, either civil or criminal, which shall have been incurred under such provision, and each provision shall be treated and held as still remaining in force for the purposes of sustaining any and all proper actions, suits, proceedings, and prosecutions for the enforcement of the penalty, forfeiture, or liability, as well as for the purpose of sustaining any judgment, decree, or order which can or may be rendered, entered, or made in such actions, suits, proceedings, or prosecutions.

Section 6. Penalty. The Penalty Provision of Section 1-4-1 EMC shall apply to each and every violation of this Ordinance.

COUNCIL GOAL AND PREVIOUS COUNCIL ACTION

During a City Council Study Session on December 1, 2008, Parks and Recreation Director Jerrell Black and Fire Chief Mike Pattarozzi gave an update on the Fire Training Academy/Orphan Property. Five separate ordinances are required as part of the approval process for the purchase of the orphan property, covering the following items necessary to complete the transaction:

2) approving a quit claim for transfer of ¼ interest in the Orphan Property from the City of Englewood to the City of Englewood and authorizing the purchase of the Fire Training Academy/Orphan Property from South Metro Fire Rescue Authority, Littleton Fire Rescue, City of Littleton, West Metro Fire Protection District, and the City of Englewood.

3) dedicating a Transportation Easement over the Fire Training Academy/Orphan Property.

4) dedicating a Bike Path Easement over the Fire Training Academy/Orphan Property.

5) dedicating a Conservation Easement across the Fire Training Academy/Orphan Property in favor of Arapahoe County.

Staff seeks Council’s approval for this bill for an ordinance approving the Intergovernmental Agreement accepting a grant from Arapahoe County for the purchase of this property.

BACKGROUND, ANALYSIS, AND ALTERNATIVES IDENTIFIED

The City of Englewood has partnered with many organizations and public agencies in an effort to preserve lands, enhance wildlife habitat and improve recreational opportunities along the South Platte River corridor. The City is receiving Arapahoe County grant support for the acquisition and improvements to a 0.719-acre parcel of land known as the Fire Training Academy/Orphan Property. The parcel is located along the Big Dry Creek Trail at the confluence of the South Platte River.

The Orphan Property has long been identified as an important acquisition by the City and the South Platte Working Group.
Proposed improvements to the property include trailhead amenities such as small parking lot, pavilion with picnic tables, trailhead signage, and trail connections to the Big Dry Creek Trail.

The grant was supported by the Englewood Parks and Recreation Commission at a meeting on January 8, 2009 and is also consistent with the plans from the City’s 2003 South Platte River Open Space Plan of increasing the recreational value of the corridor, preserving natural areas, protecting water quality, and encouraging land uses that are compatible with recreational goals.

FINANCIAL IMPACT

Arapahoe County agrees to provide the City of Englewood with grant funds in the amount of $74,200. The Englewood Parks and Recreation Department will use Arapahoe County Open Space shareback funds in the amount of $24,800 as a grant match. These funds are included in the 2011 Open Space Fund Budget. Total costs for the project are $99,000 for the acquisition and improvements to the property.

2. **Use of Grant Funds.** The Grantee agrees that it shall only use the Grant Funds for the Grant Project, as set forth in Exhibit A.

3. **Time For Use of Grant Funds.** The Grantee agrees that such Grant Funds will be expended by no later than one year from the date of transfer of Grant Funds from the Grantor to the Grantee, unless a longer period of time is otherwise agreed to by the County in writing.

The County shall not be liable or responsible for any cost overruns on the Grant Project. Nor shall the County have any duty or obligation to provide any additional funding for the Grant Project if the Grant Project cannot be completed with the amount of Grant Funds awarded by the County to the Grantee.

Upon completion of the Grant Project, the Grantee also agrees to submit to the County a final report, including a cover letter and a final spreadsheet comparing the original budget to actual expenses that certifies what the Grant Funds have been used for and that the Grant Funds have been used in accordance with County Resolution No. 030381. The final report shall also include a detailed project summary along with high resolution photographs of the various stages of the Grant Project development and its completion. The Grantee further agrees to provide the County with an electronic copy of the final report, including separate high resolution digital photographs. The final report shall be submitted within three (3) months of project completion unless a longer period of time has been agreed to by the County in writing. The County shall be allowed to use

10. **Failure to Submit Required Reports.** Upon written notice from the County’s Open Space Manager, informing the Grantee that it has failed to submit any required status report and/or final report, the Grantee shall submit such reports to the County through the County’s Open Space Manager within thirty (30) days, and, if it fails to do so, the Grantee shall be deemed to be in violation this Agreement. The Grantee shall be ineligible for any future Grant Funds, until and unless such reports have been submitted to the County’s Open Space Manager.

11. **Record Keeping Requirements.** The Grantee shall maintain a complete set of books and records documenting its use of the Grant Funds and its supervision and administration of the Grant Project. The County or any of its duly authorized representatives shall have reasonable access to any books, documents, papers, and records of the Grantee which are pertinent to the Grant Project for the purpose of making an audit, examination, or excerpts. The Grantee shall keep all books, documents, papers, and records, which are pertinent to the Grant Project, for a minimum of three years. Grantee agrees to report to the County any unexpended Grant Funds and consult with the County concerning proper accounting for unexpended Grant Funds prior to completion of the Grant Project final report.

12. **Reimbursement of Grant Funds.** The Grantee understands and agrees that if the Grant Funds are not used in accordance with its approved Grant Application and/or this Agreement, or if the Grantee fails to execute and record the conservation easement as required by paragraph 17 herein, the County may require the Grantee to reimburse the County in the amount of the Grant Funds.

13. **Remedies.** The rights and remedies of the County as set forth in this Agreement shall not be exclusive and are in addition to any other rights or remedies provided by law.

14. **No Waiver of Rights.** A waiver by either party to this Agreement of the breach of any term or provision of this Agreement shall not operate or be construed as a waiver of any subsequent breach by either party.

15. **Changes to Grant Project.** The Grantee agrees and understands that its Grant Project, once it has been approved by the County, may not be changed without the County’s prior approval. Changes must be requested in writing and may not begin until an amendment to this Agreement has been approved by the County.

16. **Transfer of Interest in Grant Project.** The Grantee understands and agrees that no land or interests acquired with the Grant Funds as part of the Grant Project may be sold, leased, traded, or otherwise conveyed, nor may an exclusive license or permit on said land or interests be given, without prior approval of the Grantee’s governing body after conducting a public hearing. The Grantee further agrees if such sale, lease, trade or conveyance is made or an exclusive license or interest has been given, the proceeds shall be deposited in an open space fund to be used for purposes consistent with Resolution No. 030381.
17. **Use Restriction.** Upon the acquisition of the Orphan Property, the Grantee shall promptly execute and record a conservation easement in the form attached hereto as Exhibit B. The recording of the conservation easement shall be prior to the recording of any other liens or encumbrances on the property.

18. **Maintenance:** Grantee agrees to assume responsibility for continuous long-term maintenance and public safety of open space lands, trails, recreation facilities, amenities, signage or other projects funded by this County Open Space Grant.

19. **Relationship of the Parties.** The Grantee shall perform all duties and obligations under this Agreement as an independent contractor and shall not be deemed by virtue of this Agreement to have entered into any partnership, joint venture, employer/employee, or other relationship with the County.

20. **No Third Party Beneficiaries.** Nothing in this Agreement shall give or allow any claim or right of action whatsoever by any third party, including, but not limited to, any agents or contractors of the Grantee.

21. **Severability.** Should any one or more provisions of this Agreement be determined to be illegal or unenforceable, all other provisions nevertheless shall remain effective; provided, however, the parties shall forthwith enter into good faith negotiations and proceed with due diligence to draft a provision that will achieve the original intent of the parties hereunder.

22. **Written Amendment Required.** This Agreement may be amended, modified, or changed, in whole or in part, only by written agreement duly authorized and executed by the County and the Grantee.

23. **Venue.** Venue for the trial of any action arising out of any dispute hereunder shall be in Arapahoe County District Court, pursuant to the appropriate rules of civil procedure.

The City is requesting Arapahoe County grant support for the acquisition and improvements to a .719 acre parcel of land known as the Fire Training Academy Orphan Property. The parcel is located along the Big Dry Creek Trail at the confluence of the Big Dry Creek and the South Platte River. The grant application will further discuss the importance of preserving this property as open space and its potential as an important, strategically located trailhead for the Big Dry Creek Trail and Mary Carter Greenway.

The Orphan Property has long been identified as an important acquisition by the City of Englewood and more recently by the South Platte Working Group.

Proposed improvements to the property include modest trailhead amenities; including parking lot, pavilion with picnic tables, trailhead signage and trail connections to the Big Dry Creek Trail.

Name of Project: Orphan Property Acquisition/Improvements

Brief Description of project:

The City of Englewood seeks to acquire ownership of .719 acres of land known as the Fire Academy Orphan Property. The property is located just east of the South Platte River on the Big Dry Creek Trail. The City would like to add trailhead improvements including a small parking lot, pavilion, landscaping, and trail connections to Big Dry Creek Trail. The location of the Orphan Property near the confluence of Big Dry Creek and the South Platte River makes it an ideal candidate for acquisition, preservation, and improvements. Acquisition of this property has been a priority of the City of Englewood and the South Platte Working Group and has the support of several organizations and government agencies.

Part F - DETAILED PROJECT NARRATIVE AND SELECTION CRITERIA

1. Project Description  20 points

The City of Englewood has partnered with many organizations and government agencies in an effort to preserve lands, enhance wildlife habitat and improve recreational opportunities along the South Platte River corridor. The Fire Academy Orphan property, at .719 acres, is completely within the Englewood City limits and is part of a larger property of 3.3 acres owned by a consortium of fire departments and districts, including; the City of Littleton, the City of Englewood, the Castlewood Fire Protection District, the Bancroft Fire Protection District, and the Littleton Fire Protection District.

The southern parcel is used as a fire training academy for the consortium. The northern “Orphan” Property is separated from the training academy by Big Dry Creek and the Big Dry Creek Trail. The consortium of fire agencies has expressed their desire to sell the northern Orphan Property.

Although the subject parcel is not a large property, its location within the South Platte corridor and close proximity to the Big Dry Creek Trail and Mary Carter Greenway makes it an ideal candidate for preservation, restoration of urban open space and floodplain protection. The Orphan property will serve as a natural barrier between developed areas and Big Dry Creek and the South Platte River.

In addition to acquisition, the City is proposing to add some modest improvements to the site to enhance recreational opportunities, while limiting impact on wildlife habitat and riparian areas. Proposed improvements include a small parking lot, pavilion with picnic tables, bike racks; trail connections from the parking lot and pavilion to the Big Dry Creek Trail, landscaping, and trailhead signage. The Orphan property’s new trailhead amenities will conform to those constructed in Cushing Park as part of a previous Arapahoe County/City of Englewood grant project.

The Big Dry Creek Trail runs through the northern part of the Orphan Property before crossing the South Platte pedestrian bridge and connecting to the Mary Carter Greenway. South Suburban Parks and Recreation District holds an easement with the property owners (fire consortium) for trail maintenance. The City and South Suburban have had discussions regarding the Orphan property acquisition and improvements and have agreed to work together for planned amenities and long term maintenance.

2. County and Community Benefits  25 points

Preserving open space and native areas, enhancing trail access and adding trail user amenities are objectives of the Orphan Property acquisition/improvements project. Periodically, the City of Englewood conducts a comprehensive citizen survey. Open space preservation and trail additions/enhancements are consistently ranked as a high priority. This project will: protect the floodplain, provide a buffer between urban development and Big Dry Creek and the South Platte River, and provide new trailhead access with amenities. Ultimately, this project will benefit all who use Big Dry Creek Trail, the Mary Carter Greenway, and connecting trails. The new trailhead will augment Englewood and Arapahoe County’s previous projects that provided trailhead improvements at Belleview, Centennial, and Cushing Parks. Belleview and Centennial Parks are Englewood’s largest community parks. With the completion of the Big Dry Creek pedestrian bridge over the South Platte River, the two parks are connected by Big Dry Creek Trail and Mary Carter Greenway. The Orphan property, with its proposed trail amenities, is conveniently located approximately midway between the two parks. Trail use at this site has increased greatly as a result of the pedestrian bridge connection between these popular parks.

3. Planning and Design  25 points

Preservation of land within the South Platte River corridor has long been a high priority for Englewood and all communities benefiting from this valued but underutilized resource. In 2002 the City of Englewood, City of Sheridan, and Arapahoe County recognized the need to:

1) Increase the recreational value of the corridor.
2) Preserve natural areas and protect water quality.
3) Encourage land uses that are compatible with recreational goals.

To that end, the City and its partners, supported by grants from the Great Outdoors Colorado Trust Fund and Arapahoe County Community Development Block Grant Funds, developed the South Platte River Open Space Plan. The plan included protection by acquisition of several corridor properties, including the subject Fire Training Orphan parcel. Englewood’s Comprehensive Plan (2003) and Park and Recreation Master Plan (2006) also support preservation of natural areas along the South Platte River corridor.

The South Platte Working Group (SPWG) was formed in 2006 to allow communities with limited resources to join together and create a new, shared vision for the South Platte Greenway. The Arapahoe County Open Space, Parks, and Trails Grant Application

Page 8 of 20
SPWG was established as a consensus-based, multi-agency forum to prioritize land acquisition and conservation, trail development; and target recreational enhancements along the South Platte Greenway in western Arapahoe County. To that end the SPWG, through Arapahoe County, was successful in obtaining a grant of $5.25 million from Great Outdoors Colorado (GOCO). The GOCO grant will be combined with more than $20 million in matching funds from SPWG members, including the City of Englewood. One of the parcels listed for acquisition/preservation is the north parcel of the fire training training academy, the Orphan Property.

Proposed improvements to the property include a small parking lot (eight to ten vehicles), pavilion with picnic table, landscaping, bike rack, trailhead signage, and trail connections to Big Dry Creek Trail. Assuming that our grant application is successful, the City is prepared to move ahead with acquisition negotiations and complete improvements to the property. We anticipate completing the project in June 2010.

4. Partnerships 25 points

A number of different agencies have come together in support of this project. Meetings have been held with the Fire Training Academy Board, Arapahoe County Open Space Grants Administrator, South Suburban Parks and Recreation District, and the South Platte Working Group. The Fire Academy Board of Directors, representing the property owner consortium, has indicated their desire to sell the property and has submitted a letter of support. Englewood will continue to work with South Suburban Parks and Recreation District to coordinate trailhead improvements and long term maintenance.

Enclosed are support letters from: Englewood Parks and Recreation Commission, South Suburban Park Foundation, South Suburban Parks and Recreation District, the South Platte Working Group, and the Metro Fire Training Center, Board of Directors

The parks department intends to enlist the volunteer assistance of the Englewood Youth Council and Englewood High School community service workers for grounds maintenance. These groups regularly choose parks and trail clean up projects and have expressed interest in the Big Dry Creek Trail and Orphan Property.

While the City has worked with several agencies, Englewood will be contributing 100% of the matching funds for this project. The $24,800 match equates to 25% of the estimated total project cost of $99,000.
5. Long-term Maintenance     15 points

With the successful acquisition and improvements of the Orphan Property, the City's Parks and Recreation Department will be responsible for management and maintenance. While management of the native area and trailhead facilities will be overseen by Englewood, South Suburban Parks and Recreation has Big Dry Creek Trail management responsibilities through the southern portion (trail easement). Because the trail intersects the property, there will be some shared responsibilities and coordination between the City and South Suburban. As has been the case with other Englewood parks and South Suburban trail management, the two agencies have developed effective agreements resulting in attractive, well maintained trail corridors.

6. Connectivity     10 points

As previously discussed, access to Big Dry Creek and Mary Carter Greenway trails and the parks and open space they connect is a high priority for Englewood and South Platte Working Group partners. The location of the Fire Academy Orphan Property at the confluence of Big Dry Creek and the South Platte River makes it an ideal trailhead. From the new trailhead, trail users can access the Big Dry Creek Trail east through Belleview and Progress Parks and will eventually connect to the Highline Canal Trail. Immediately to the west, the Big Dry Creek Trail connects with the Mary Carter Greenway via the pedestrian bridge over the South Platte River. The Mary Carter Greenway travels north into Denver and beyond (North of Englewood the trail is called the South Platte River Trail). To the south, the trail passes through Littleton, South Platte Park, and into Chatfield State Park. The Orphan Property acquisition and trailhead improvements will greatly improve access to this expansive network of interconnecting trails enjoyed by more than 700,000 users each year. Trails are used for recreation as well as commuting, and uses range from walking and running to biking and roller blading.

Advisory Board Members:

Please consider our letter in support of the City's grant application for Acquisition and Improvements of the Fire Academy Orphan Property. The Parks and Recreation Commission supports the protection of land adjacent to the South Platte River and the regional trail systems.

The Orphan Property will provide additional recreational opportunities for Englewood and Arapahoe County residents by providing an additional trail head and trail amenities. The location of the parcel, at the confluence of Big Dry Creek and the South Platte River, is ideal for land preservation and trail head access to the Big Dry Creek and Mary Carter Greenway trails. Thank you for your consideration of this important project.

I am writing this letter as a representative of the Board of Directors of the Metro Fire Training Center which is located at 2300 W. Chenango, Englewood, CO 80110.

It is the intent of the Board of Directors to enter into negotiations for the sale of what is known as the “B” parcel of the Metro Fire Training Center. The position of the Board is to dispose of parcel “B”, assuming an agreeable settlement can be reached.

We support the City of Englewood’s grant application for acquisition and improvement of this property. The plans for preserving the site for public use and enhancing trail access are certainly appropriate for this parcel.

Thank you for considering the City’s grant request.

Sincerely,

Mike Pattarozzi

Dear Advisory Board Members,

The South Platte River Working Group (SPWG) is writing this letter in support of the City of Englewood’s grant application for the acquisition of and improvements to a .75-acre parcel of land currently owned by the Fire Training Center, which is adjacent to the South Platte River in Englewood. As you may know, the SPWG is a consensus-based, multi-agency forum to promote open space acquisition, trail development and targeted recreation enhancements along the South Platte Greenway in western Arapahoe County. This parcel is a critical piece of the SPWG vision through the City of Englewood.

Over the past two years, the SPWG has prepared a list of priorities throughout the South Platte Corridor. The north parcel of the Fire Training Academy known as the “Orphan Property” is on the SPWG’s priority list because of its importance in providing recreational access and amenities for Arapahoe County citizens. The SPWG members strongly support Englewood’s commitment to acquiring and improving this property. We believe that parking, trailhead access and other amenities envisioned for this site will benefit all Arapahoe County residents.

Thank you for your consideration of the City of Englewood’s grant application.

Committee Members,

The South Suburban Park Foundation is pleased to write this letter in support of the City of Englewood’s grant application. The acquisition of the Fire Academy Orphan property will be a valuable addition to the South Platte River corridor trail system. This area in particular would be perfect for a trailhead to the Big Dry Creek Trail and would enhance the trail experience.

Preservation of this native area for generations to come is consistent with the South Suburban Park Foundation’s, South Platte Working Group’s and Arapahoe County’s goals for the river corridor. We understand that the grant request also includes trailhead improvements to the Orphan property, allowing for greater access to Big Dry Creek and the Mary Carter Greenway trails.

The Foundation has a rich history of partnering with the City of Englewood in many trail additions and improvements. Thank you for considering this important project as a potential grant recipient.

Sincerely,

Beverly J. Bradshaw, Chair
South Suburban Park Foundation

Dear Grant Review Committee:

Please consider this our letter of support for Englewood’s grant application to acquire the property located along the South Platte River corridor and just north of the Big Dry Creek Trail (which is maintained by South Suburban), informally known as the “Orphan property.”

We have met with Englewood City officials onsite and have discussed the possibility of a trailhead, which would serve both the Big Dry Creek Trail and the Mary Carter Greenway. We feel that acquisition of this approximately 0.75-acre parcel is another step towards the goal of enhancing recreation users’ experience along the River Corridor and is another opportunity to provide much needed user access to all nearby trail corridors.

Your financial support of this proposed project would be appreciated.

Sincerely,

David A. Lorenz

COUNCIL COMMUNICATION

Date:        Agenda Item:        Subject:
April 18, 2011     9 a iv              Ordinance approving the IGA and purchase of Fire Training Academy/Orphan Property – Authorization To Purchase

Initiated By: Staff Source:
Parks and Recreation Department Jerrell Black, Director of Parks and Recreation Dave Lee, Manager of Open Space

COUNCIL GOAL AND PREVIOUS COUNCIL ACTION

During a City Council Study Session on December 1, 2008, Parks and Recreation Director Jerrell Black and Fire Chief Mike Pattarozzi gave an update on the Fire Training Academy/Orphan Property. City Council directed staff to move forward with the grant request for acquisition of the property for use as open space and trailhead for the South Platte River corridor.

RECOMMENDED ACTION

Five separate ordinances are required as part of the approval process for the purchase of the orphan property, covering the following items necessary to complete the transaction:

1) accepting the 2009 Intergovernmental Agreement for a grant from Arapahoe County for the Fire Training Academy/Orphan Property Acquisition and Improvements.

2) approving a quit claim for transfer of ¼ interest in the Orphan Property from the City of Englewood to the City of Englewood and authorizing the purchase of the Fire Training Academy/Orphan Property from South Metro Fire Rescue Authority, Littleton Fire Rescue, City of Littleton, West Metro Fire Protection District, and the City of Englewood.

3) dedicating a Transportation Easement over the Fire Training Academy/Orphan Property.

4) dedicating a Bike Path Easement over the Fire Training Academy/Orphan Property.

5) dedicating a Conservation Easement across the Fire Training Academy/Orphan Property in favor of Arapahoe County.

Staff seeks Council’s approval for this bill for an ordinance authorizing the purchase of this property.

BACKGROUND, ANALYSIS, AND ALTERNATIVES IDENTIFIED

The City of Englewood has partnered with many organizations and public agencies in an effort to preserve lands, enhance wildlife habitat, and improve recreational opportunities along the South Platte River corridor. The City is receiving Arapahoe County grant support for the acquisition and improvements to a 0.719-acre parcel of land known as the Fire Training Academy/Orphan Property. The parcel is located along the Big Dry Creek Trail at the confluence of the South Platte River.

The Orphan Property has long been identified as an important acquisition by the City and the South Platte Working Group.
Proposed improvements to the property include trailhead amenities such as small parking lot, pavilion with picnic tables, trailhead signage, and trail connections to the Big Dry Creek Trail.

The grant was supported by the Englewood Parks and Recreation Commission at a meeting on January 8, 2009 and is also consistent with the plans from the City’s 2003 South Platte River Open Space Plan of increasing the recreational value of the corridor, preserving natural areas, protecting water quality, and encouraging land uses that are compatible with recreational goals.

FINANCIAL IMPACT

Arapahoe County agrees to provide the City of Englewood with grant funds in the amount of $74,200. The Englewood Parks and Recreation Department will use Arapahoe County Open Space shareback funds in the amount of $24,800 as a grant match. These funds are included in the 2011 Open Space Fund Budget. Total costs for the project are $99,000 for the acquisition and improvements to the property.

DEED OF CONSERVATION EASEMENT

NOTICE: THIS PROPERTY HAS BEEN ACQUIRED WITH GRANT FUNDS FROM THE ARAPAHOE COUNTY OPEN SPACE FUND. THIS DEED OF CONSERVATION EASEMENT CONTAINS RESTRICTIONS ON THE USE AND DEVELOPMENT OF THE PROPERTY WHICH ARE INTENDED TO PROTECT ITS OPEN SPACE AND OTHER CONSERVATION VALUES, AND WHICH PROVIDE BENEFITS THAT ARE IN THE PUBLIC INTEREST.

THIS DEED OF CONSERVATION EASEMENT is made this ___ day of ________, 2010, by the CITY OF ENGLEWOOD, a Colorado municipal corporation, with an address of 1000 Englewood Parkway, Englewood, CO 80110 (“Grantor”), in favor of ARAPAHOE COUNTY, a political subdivision of the State of Colorado, having its principal address at 5334 S. Prince St., Littleton, CO 80166 (“Grantee”).

RECITALS:

A. Grantor is the sole owner in fee simple of .75 acres, more or less of certain real property in Arapahoe County, Colorado, more particularly described in Exhibit A and Exhibit B attached hereto, both of which are incorporated herein by this reference (the “Property”).

B. The Property possesses certain natural, aesthetic, open space, educational, and recreational values (collectively, “Conservation Values”) of great importance to Grantor, the people of the South Denver Metro Region, Arapahoe County, and the people of the State of Colorado. In particular the Property will provide public access for outdoor recreation and trail connections to the South Platte River valley for the use and enjoyment of the general public. Specifically, the Conservation Values of the Property are as follows:

**Outdoor recreation and education of the general public.** The Property will provide public access for passive outdoor recreation and education, and trail connections to the Mary Carter Greenway and Big Dry Creek Trail for the use and enjoyment of the general public. The Property is located immediately adjacent to a major pedestrian / bicycle bridge which spans the South Platte River, thus providing enhanced access to a large network of Arapahoe County trails and the Denver metro area regional trail systems.

**Relatively Natural Habitat.** The Property is located within the South Platte River valley, which is a major river basin for Colorado. The South Platte River serves as a primary wildlife corridor in the Denver metropolitan area. The property is primarily grassland, woodland, and shoreline habitat associated with the South Platte River and its tributaries. The Property also serves as wildlife habitat for several species including but not limited to coyote, fox, skunk, raccoon, beaver, raptors, migratory songbirds, small rodents, and deer.

**Open Space.** The Property qualifies as Open Space because it is being preserved for the scenic enjoyment of the general public and pursuant to a clearly delineated federal, state or local governmentai conservation policy and will yield a significant public benefit.

**Scenic enjoyment.** The Property adds to the scenic character of the local landscape including the South Platte River basin and, contains a harmonious variety of shapes and textures, and provides a degree of openness, contrast and variety to the overall landscape.
A large portion of the Property is visible to the general public from the South Platte River trail (Mary Carter Greenway) and the Big Dry Creek Trail, which are open to and actively utilized by residents of Arapahoe County and the State of Colorado. The Property also provides the opportunity for the general public to view the Front Range of the Rocky Mountains, and serves as an overlook to the valley, providing significant opportunities year-round to view migratory waterfowl, raptors and songbirds below the property, from a comfortable distance, in the large pond, native tree groves and surrounding habitat along the riverbank.

**Trail Connectivity:** This Property was acquired as part of the South Platte Greenway Legacy Project which seeks to increase trail connectivity in the region, provide additional trailhead access points along the east side of the South Platte River, to enhance the recreational experience along the Greenway, and conserve open space in the South Metro Region.

**Buffering and expansion of existing publicly-owned open space.** The Property is immediately surrounded to the south and west by previously dedicated public open space. Protection of the Property enhances the conservation values of the greater area by expanding, buffering and establishing a contiguous landscape of managed open space.

**Clearly delineated government policy.** The use of the Property for public trail access and open space purposes, serves to further the goals and objectives of the Grantor’s Comprehensive Plan and Parks and Recreation Master Plan, and the Arapahoe County Open Space Master Plan.

**Significant public benefit.** There is a foreseeable trend of commercial and/or residential development in the immediate vicinity of the Property. If the Property were to be sold and developed instead of being protected by an easement, there is a strong likelihood that it would contribute to a degradation of the scenic and natural character of the area. Preservation of the Property will continue to provide an opportunity for the general public to appreciate its scenic values.

C. The voters of Arapahoe County, Colorado, by approval of a referred measure on November 4, 2003, authorized the imposition of a sales and use tax for the purposes set forth in Arapahoe County Resolution Number 030381, including, but not limited to, the acquisition of open space or interests in open space, the development of trails, environmental education and passive outdoor recreation.

D. Grantor intends that the Conservation Values of the Property be preserved and protected in perpetuity, and that any uses be prohibited that would substantially diminish or impair the Conservation Values or that otherwise would be inconsistent with the purposes of this Easement or with Arapahoe County Resolution Number 030381.

E. Grantor further intends, as owner of the Property, to convey to Grantee the right to preserve and protect the Conservation Values of the Property in perpetuity.

F. Grantee is a public governmental entity, which is tax-exempt and is a qualified conservation organization under § 170(h) the Internal Revenue Code of 1986, as amended, and the Treasury Regulations adopted pursuant thereto, whose primary purpose is the conservation of
land for public benefit, to improve the quality of life in communities and protect natural and historic resources for future generations.

G. Grantee is a governmental entity qualified to hold this easement under C.R.S. § 38-30.5-101 et seq., which provides for conservation easements to retain or maintain land, water, airspace, or water rights, predominantly in a natural, scenic, or open condition, or for wildlife habitat, or for agricultural, horticultural, wetlands, recreational, forest, or other use or condition consistent with the protection of open land, environmental quality or life-sustaining ecological diversity.

H. Grantee agrees by accepting this Easement to honor the intentions of Grantor stated herein and to further the governmental policies stated herein by preserving and protecting the Conservation Values of the Property in perpetuity for the benefit of this and future generations;

NOW, THEREFORE, in consideration of the above and the mutual covenants, terms, conditions, and restrictions contained herein, and pursuant to the laws of the State of Colorado, and in particular C.R.S. § 38-30.5-101 et seq., Grantor hereby voluntarily grants and conveys to Grantee a conservation easement in gross, in perpetuity, over the Property of the nature and character and to the extent hereinafter set forth ("Easement").

1. **Purpose.** The purpose of this Easement is to preserve and protect the Conservation Values of the Property, and to ensure that the property is used in a manner consistent with Arapahoe County Resolution Number 030381, in perpetuity. To achieve this Purpose, Grantor intends to convey a Deed of Conservation Easement to Grantee to ensure that the Conservation Values of the Property will be preserved and protected forever. Subject to the purpose of this Easement, Grantor and Grantee intend to permit only uses of the Property that do not substantially diminish or impair the Property's Conservation Values and to prevent any use of the Property that will substantially impair or interfere with protecting the Property's Conservation Values. It is the intent of the Grantor to maintain the Property as primarily open space. Specifically, it is Grantor's intent to preserve and, where appropriate, to restore and enhance certain habitat values and natural attributes, scenic qualities, and outdoor recreational opportunities on available to the general public.

2. **Current Conditions Report:** A written report has been prepared, reviewed, and approved by both parties, which documents the existing condition of the Property (the "Existing Conditions Report"). A copy of the Existing Conditions Report shall be kept on file with both parties and by this reference made a part hereof. The parties further agree that, in the event a controversy arises with respect to the condition of the Property as of the date of this grant, or compliance with or violation of any term or provision of this Easement, the parties shall not be precluded from using evidence in addition to the Existing Conditions Report to assist in resolving the controversy.

3. **Rights of Grantee.** To accomplish the purpose of this Easement the following rights are conveyed to Grantee by this Easement:
   a. To preserve and protect the Conservation Values of the Property;
   b. To enter upon the Property at reasonable times in order to monitor Grantor's compliance with and otherwise enforce the terms of this Easement; provided that such entry shall be upon prior reasonable notice to Grantor;
c. To prevent any activity on or use of the Property that is inconsistent with
the language or purpose of this Easement; and to require the restoration of such areas or features
of the Property that may be damaged by any inconsistent use.

4. **Reserved Rights.** Grantor reserves to itself, and to its agents, contractors,
successors, and assigns, all rights to engage in the following uses of the Property and all
activities reasonably incidental thereto provided that all uses of the Property shall be consistent
with the purpose of this Easement and shall not substantially diminish or impair the Conservation
Values of the Property. Any structures or improvements in this paragraph 4 are subject to the
approval of the Grantee.

   a. The use and enjoyment of the Property by the general public for open
space, environmental education and non-commercial, non-motorized passive outdoor
recreational activities. For purposes of this Easement, the term "passive outdoor recreational
activities" shall mean and include walking, running, biking, rollerblading, horseback riding,
picnicking, relaxing, photography, wildlife and scenery viewing, and other similar activities, but
shall specifically not include sports fields/courts or recreation centers.

   b. To build and use minor structures including picnic tables and shelters, as
are reasonably appropriate to facilitate passive outdoor recreational activities and use of adjacent
trails as approved by the Grantor and Grantee.

   c. To construct, repair, maintain, and use trails, trailheads, and associated
benches and signage.

   d. To erect fencing for resource and recreation management purposes.

   e. To remove and manage noxious and nuisance weeds.

   f. To install security lighting as necessary for the safety and welfare of
recreational users, as long as such lighting shall not adversely impact wildlife or create adverse
impacts upon night sky viewing on the property or adjacent properties.

   g. To construct and use parking lots as reasonably necessary to facilitate
access to the Property for the uses allowed by this Paragraph 4.

   h. To manage wildlife, in cooperation with the Colorado Division of
Wildlife, such as diseased, nuisance or overpopulated wildlife, and as provided in C.R.S. § 33-6-
107(9). Grantor may allow trapping as deemed necessary for permitted wildlife management
goals, and/or to study threatened or endangered species or species proposed for listing. Provided
however that wildlife management on the Property shall not impair or significantly interfere with
the public recreation use of the Property.

   i. To stabilize embankments and to otherwise manage soil erosion on the
Property.

5. **Prohibited and Restricted Uses.** Any use of the Property not allowed under
Paragraph 4 of this Easement ("Reserved Rights") is prohibited. Without limiting the generality
of the foregoing, the following activities and uses are expressly prohibited:

   a. **Development Rights.** Grantor hereby grants to Grantee all development
rights except as otherwise expressly reserved herein, and the parties agree that such rights are
hereby released, terminated and extinguished, and may not be used on or transferred off of the
Property to any other property adjacent or otherwise or used for the purpose of calculating permissible lot yield of the Property or any other property.

b. **Construction of Buildings and Other Improvements.** The construction of any building, structure or other improvement is prohibited, except as may be allowed under Paragraph 4 above. No residential or commercial buildings, structures, or improvements shall be permitted. Permitted structures and improvements may only be built with Grantee’s prior written approval, which approval shall be granted within a reasonable time, unless Grantee determines that the proposed building, structure, or improvement will substantially diminish or impair the Conservation Values of the Property.

c. **New Structures.** Construction of new structures is prohibited except for construction of those structures consistent with Paragraph 4(b) above.

d. **Storage.** Storage of materials is prohibited except for storage of certain materials reasonably necessary to facilitate the use of the Property for the uses allowed by Paragraph 4.

e. **Subdivision.** Any division or subdivision of title to the Property, whether by physical or legal process, is prohibited.

f. **Timber Harvesting.** Trees may be cut to control insects and disease, to control invasive non-native species, and to prevent personal injury and property damage. Commercial timber harvesting on the Property is prohibited. The cutting of any trees shall be conducted in a manner that does not impair the Property’s Conservation Values or other significant conservation interests.

g. **Mining.** The mining or extraction of soil, sand, gravel, rock, oil, natural gas, fuel, or any other mineral substance is prohibited.

h. **Paving and Trail Construction.** No portion of the Property shall be paved or otherwise covered with concrete, asphalt, or any other paving material except for the construction of trails consistent with Paragraph 4 above and the construction of a parking lot for uses consistent with the passive outdoor recreational and open-space uses of this Property and access to adjacent trails. The parking lot shall not exceed the parameters outlined in paragraph 4. Any paving permitted under this paragraph shall be constructed consistent with the Management Plan for the Property. No paving shall occur without the prior written approval of Grantee. Grantee shall give such permission within a reasonable time, unless Grantee determines that the proposed paving or covering of the soil, or the location of any road or trail, will substantially diminish or impair the Conservation Values of the Property or is otherwise inconsistent with this Easement.

i. **Trash.** The dumping or uncontained accumulation of any kind of trash or refuse on the Property, including but not limited to household trash and hazardous chemicals is prohibited. Trash containers used on the Property shall be wildlife resistant to prevent potential human-wildlife conflicts.

j. **Motorized Vehicles.** Motorized vehicles may only be used in a manner that does not substantially diminish or impair the Conservation Values of the Property. If motorized vehicles are used for maintenance in a manner that diminishes Conservation Values, the property will be restored at Grantor’s sole expense. Off road vehicle courses for snowmobiles, all-terrain vehicles, motorcycles, or other motorized vehicles are prohibited.
Nothing in this paragraph is intended to prohibit the use of motorized vehicles for any other use that is permitted under this Easement.

k. Commercial or Industrial Activity. No commercial or industrial uses shall be allowed on the Property.

1. Signage or Billboards. No commercial signs, billboards, awnings, or advertisements shall be displayed or placed on the Property. Grantor shall erect and maintain one or more signs visible to the public, identifying Arapahoe County's Open Space Grant for this Property to the public. Grantor may erect signs displaying environmental education related language and graphics, and other relevant interpretive signage. Grantor will consult with Grantee on the final signage parameters before installation.

m. Sports Fields/Courts. The Property shall not be used for sports fields or courts.

6. Five-Year Management Plan. The Property shall be operated and managed in accordance with a land management plan that is designed to protect the Conservation Values of the Property ("Management Plan"). The Management Plan shall be prepared by the Grantor and delivered to the Grantee within one year of the date of this Deed and shall be updated at least every five years. Grantee must approve the final language of the Management Plan before it is adopted.

    Grantor will use vegetation known to be native to the South Platte corridor in Colorado.

7. Notice of Intention to Undertake Certain Permitted Actions. The purpose of requiring Grantor to notify Grantee prior to undertaking certain permitted activities is to afford Grantee an opportunity to ensure that the activities in question are designed and carried out in a manner consistent with the purpose of this Easement. Whenever notice is required, Grantor shall notify Grantee in writing not less than 60 days prior to the date Grantor intends to undertake the activity in question. The notice shall describe the nature, scope, design, location, timetable, and any other material aspect of the proposed activity in sufficient detail to permit Grantee to make an informed judgment as to its consistency with the purpose of this Easement.

8. Grantee's Approval. Where Grantee's approval is required, Grantee shall grant or withhold its approval in writing within 60 days of receipt of Grantors' written request therefor. Grantee's approval may be withheld only upon a reasonable determination by Grantee that the action as proposed would be inconsistent with the language or purpose of this Easement.

9. Enforcement. If Grantee finds what it believes is a violation of this Easement, Grantee shall immediately notify Grantor in writing of the nature of the alleged violation. Upon receipt of this written notice, Grantor shall either: (a) restore the Property to its condition prior to the violation or to take such other action as may be reasonable or necessary to eliminate the violation; or (b) provide a written explanation to Grantee of the reason why the alleged violation should be permitted. If the condition described in clause (b) above occurs, both parties agree to meet as soon as possible to resolve this difference. If a resolution of this difference cannot be achieved at the meeting, both parties agree to meet with a mutually acceptable mediator to attempt to resolve the dispute. Except that, if in Grantee's opinion, an ongoing or imminent violation could irreversibly diminish or impair the Conservation Values of the Property, Grantee may, at its discretion, take appropriate legal action without resorting first to mediation. Grantor
shall discontinue any activity that could increase or expand the alleged violation during the mediation process. Should mediation fail to resolve the dispute, Grantee may, at its discretion, take appropriate legal action. If a court with jurisdiction determines that a violation is imminent, exists, or has occurred, Grantee may get an injunction to stop it, temporarily or permanently. A court may also issue an injunction to require Grantor to restore the Property to its condition prior to the violation.

10. **Costs of Enforcement.** Any costs incurred by Grantee in enforcing the terms of this Easement against Grantor, including, without limitation, costs of suit and attorney fees, and any costs of restoration necessitated by Grantor's violation of the terms of this Easement, shall be borne by Grantor.

11. **Grantee's Discretion.** Enforcement of the terms of this Easement shall be at the discretion of Grantee, and any forbearance by Grantee to exercise its rights under this Easement in the event of any breach of any term of this Easement by Grantor shall not be deemed or construed to be a waiver by Grantee of such term or of any subsequent breach of the same or any other term of this Easement or of any of Grantor's rights under this Easement. No delay or omission by Grantee in the exercise of any right or remedy upon any breach by Grantor shall impair such right or remedy or be construed as a waiver. Grantor hereby waives any defense of laches, estoppel, or prescription, including any defenses available under C.R.S. § 38-41-119, et seq.

12. **Acts Beyond Grantor's Control.** Nothing contained in this Easement shall be construed to entitle Grantee to bring any action against Grantor for any injury to or change in the Property resulting from causes beyond Grantor's control, including, without limitation, fire, flood, storm, and earth movement, or from any prudent action taken by Grantor under emergency conditions to prevent, abate, or mitigate significant injury to the Property resulting from such causes.

13. **Access.** Grantor shall permit the general public to access the Property on such terms and conditions as Grantor deems appropriate.

14. **Restoration and Maintenance.** Grantor shall maintain the Property in good condition and in a manner consistent with the Conservation Values.

15. **Costs and Liabilities.** Grantor retains all responsibilities and shall bear all costs and liabilities of any kind related to the ownership, restoration, operation, upkeep, and maintenance of the Property, including weed control and eradication and including the maintenance of adequate comprehensive general liability insurance coverage. Grantor shall keep the Property free of any liens arising out of any work performed for, materials furnished to, or obligations incurred by Grantor.

16. **Hold Harmless.** To the extent allowed by law, Grantor shall hold harmless, indemnify, and defend Grantee and its respective members, directors, officers, employees, agents, and contractors, successors, and assigns of each of them (collectively "Indemnified Parties") from and against all liabilities, penalties, costs, losses, damages, expenses, causes of action, claims, demands, or judgments, including, without limitation, reasonable attorneys' fees, arising from or in any way connected with: (1) injury to or the death of any person, or physical damage to any property, resulting from any act, omission, condition, or other matter related to or
occurring on or about the Property, regardless of cause, unless due solely to the negligence of any of the Indemnified Parties; (2) the obligations specified in Paragraph 9 herein; and (3) the presence or release of hazardous or toxic substances on, under or about the Property. For the purpose of this paragraph, hazardous or toxic substances shall mean any hazardous or toxic substance that is regulated under any federal, state or local law. Without limiting the foregoing, nothing in this Deed shall be construed as giving rise to any right or ability in Grantee, nor shall Grantee have any right or ability, to exercise physical or managerial control over the day-to-day operations of the Property, or otherwise to become an operator with respect to the Property within the meaning of The Comprehensive Environmental Response, Compensation and Liability Act of 1980, as amended.

17. **Real Property Interest.** This Easement constitutes a real property interest immediately vested in Grantee. Further, it is the parties' intent that this interest shall "run with the land," and shall be enforceable against any and all subsequent owners of the Property or successors or assigns of Grantor.

18. **Condemnation or Other Extinguishment.** If this Easement is taken, in whole or in part, by exercise of the power of eminent domain, or if circumstances arise in the future that render the purpose of this Easement impossible to accomplish, this Easement can only be terminated or extinguished, whether in whole or in part, by judicial proceedings in a court of competent jurisdiction. Each party shall promptly notify the other party in writing when it first learns of such circumstances. Grantee shall be entitled to compensation in accordance with applicable law, after the satisfaction of prior claims, from any sale, exchange, condemnation, or other involuntary or voluntary conversion of all or any portion of the Property subsequent to such termination or extinguishment. Grantee’s compensation shall be determined by multiplying the fair market value of the Property as unencumbered by the Easement (minus any increase in value after the date of this Easement attributable to improvements) by the ratio of the value of the Easement to the value of the Property determined as of the date of this grant. Arapahoe County (hereinafter "the County") shall be entitled to receive 100% of Grantee's compensation, which Grantee shall promptly remit to the County.

19. **Assignment.** This Easement is transferable, but Grantee may assign its rights and obligations under this Easement only to an organization that: (a) is a qualified organization at the time of transfer under Section 170(h) of the Internal Revenue Code of 1986, as amended (or any successor provision then applicable), and the applicable regulations promulgated thereunder; (b) is authorized to acquire and hold conservation easements under Colorado law, and (c) agrees in writing to assume the responsibility imposed on Grantee by this Easement.

20. **Subsequent transfers.** Grantor shall incorporate the terms and conditions of this Easement in any deed or other legal instrument by which it divest itself of any interest in all or a portion of the Property. Grantor further agrees to give written notice to Grantee of the transfer of any interest at least forty-five (45) days prior to the date of such transfer. The failure of Grantor to perform any act required by this paragraph shall not impair the validity of this Easement or limit its enforceability in any way.

21. **Notices.** Any notice, demand, request, consent, approval, or communication that either party is required to give to the other in writing shall be either served personally or sent by first class mail, postage prepaid, addressed as follows:
To Grantor:

City Manager  
City of Englewood  
1000 Englewood Parkway  
Englewood, CO 80110

To Grantee:

Open Space Manager  
Arapahoe County Open Space  
10730 E Briarwood Ave., Suite 100  
Centennial, CO 80112

with a copy to:

Arapahoe County Attorney   
5334 S. Prince St.

22. **Grantor’s Title Warranty.** Grantor warrants that Grantor has good and sufficient title to the Property and hereby promises to defend the same against all claims from persons claiming by, through, or under Grantor.

23. **Subsequent Liens on the Property.** No provisions of this Easement shall be construed as impairing the ability of grantor to use this Property as collateral for subsequent borrowing, provided that any mortgage or lien arising from such a borrowing would be subordinated to this Easement.

24. **Recording.** Grantor shall record this instrument in a timely fashion in the official records of each county in which the Property is situated, and may re-record it at any time as may be required to preserve its rights in this Easement.

25. **General Provisions.**

a. **Controlling Law.** The interpretation and performance of this Easement shall be governed by the laws of the State of Colorado.

b. **Liberal Construction.** Any general rule of construction to the contrary notwithstanding, this Easement shall be liberally construed in favor of the Grantee to effect the purpose of this Easement and the policy and purpose of C.R.S. §38-30.5-101, et seq. If any provision in this instrument is found to be ambiguous, an interpretation consistent with the purpose of this Easement that would render the provision valid shall be favored over any interpretation that would render it invalid.

c. **Severability.** If any provision of this Easement, or the application thereof to any person or circumstance, is found to be invalid, the remainder of the provisions of this Easement, or the application of such provision to persons or circumstances other than those as to which it is found to be invalid, as the case may be, shall not be affected thereby.
d. **Entire Agreement.** This instrument sets forth the entire agreement of the parties with respect to the Easement and supersedes all prior discussions, negotiations, understandings, or agreements relating to the Easement, all of which are merged herein.

f. **Joint Obligation.** If more than one owner owns the Property at any time, the obligations imposed by this Easement shall be joint and several upon each of the owners.

g. **Non-Merger.** No merger shall be deemed to have occurred hereunder or under any documents executed in the future affecting this Easement, unless the parties expressly state that they intend a merger of estates or interests to occur and the parties have also obtained the prior written consent of the County approving such merger of estates or interests.

h. **Successors.** The covenants, terms, conditions, and restrictions of this Easement shall be binding upon, and inure to the benefit of, the parties hereto and their respective personal representatives, heirs, successors, and assigns and shall continue as a servitude running in perpetuity with the Property.

i. **Termination of Rights and Obligations.** Provided that a transfer is permitted by this Deed, a party’s rights and obligations under this Easement terminate upon transfer of the party’s interest in the Easement or Property, except that liability for acts or omissions occurring prior to transfer shall survive transfer.

j. **Captions.** The captions in this instrument have been inserted solely for convenience of reference and are not a part of this instrument and shall have no effect upon construction or interpretation.

k. **No Third Party Beneficiaries.** This Easement is entered into by and between Grantor and Grantee, and is solely for the benefit of Grantor, Grantee and their respective successors and assigns for the purposes set forth herein, and does not create rights or responsibilities in any third parties beyond Grantor, Grantee, or their successors and assigns.

l. **Amendment.** If circumstances arise under which an amendment to or modification of this instrument would be appropriate, Grantor and Grantee may jointly amend this instrument; provided that no amendment shall be allowed that will affect the qualifications of this Easement under any applicable laws and any amendment must be consistent with the conservation purposes of this Easement. Any amendment must be in writing, signed by both Grantor and Grantee, and recorded in the records of the Clerk and Recorder of Arapahoe County.

m. **Change of Conditions.** A change in the potential economic value of any use that is prohibited by or inconsistent with this Easement, or a change in any current or future uses of neighboring properties, shall not constitute a change in conditions that makes it impossible or impractical for continued use of the Property for conservation purposes and shall not constitute grounds for terminating the Easement.

n. **Authority to Execute.** Each party represents to the other that such party has full power and authority to execute, deliver, and perform this Deed, that the individual executing this Deed on behalf of said party is fully empowered and authorized to do so, and that this Deed constitutes a valid and legally binding obligation of said party enforceable against said party in accordance with its terms.
TO HAVE AND TO HOLD unto Grantee, its successors, and assigns forever.

IN WITNESS WHEREOF Grantor and Grantee have executed this Deed of Conservation Easement on the day and year first written above.

Subject: Public Hearing – Amendment to Title 16: Unified Development Code related to Medical Marijuana

Initiated By: Community Development Department
Staff Source: Alan White, Director
Audra L. Kirk, Planner I

COUNCIL GOAL AND PREVIOUS COUNCIL ACTION

Council considered proposed Title 16 amendments related to medical marijuana at first reading on April 4, 2011 and set a Public Hearing for April 18, 2011. Council approved the proposed bill for an ordinance on first reading.

RECOMMENDED ACTION

Recommendation from the Community Development Department to consider testimony during Public Hearing on a bill for an ordinance amending Title 16 of the Englewood Municipal Code related to medical marijuana centers, optional premises cultivation operations, and infused products manufacturing.

BACKGROUND, ANALYSIS, AND ALTERNATIVES IDENTIFIED

In 2000, Colorado voters passed a constitutional amendment allowing the use of medical marijuana. In 2008 three businesses opened in Englewood with the purpose of being medical marijuana primary care-givers. At the time these businesses opened, Englewood did not have any zoning regulations regarding medical marijuana primary care-givers. City Council has approved a number of ordinances which established a temporary suspension or moratorium on the establishment of new medical marijuana dispensing and growing uses until licensing and zoning regulations could be put into place. Council adopted regulations requiring licensing of care-givers in 2009.

House Bill 10-1284 was approved by the State Legislature on May 6, 2010 and signed into law by the Governor. This House Bill created licensing requirements and definitions for medical marijuana center, optional premises cultivation operation and medical marijuana-infused product manufacturer. The new legislation requires state licenses for the uses and enables local jurisdictions to adopt local licensing requirements if they so choose. The legislation enables local jurisdictions to prohibit these uses in the jurisdiction by ordinance or election. The legislation establishes requirements for medical marijuana centers to be located 1,000 feet from schools, child care facilities, and drug and alcohol treatment facilities. Jurisdictions may adopt spacing requirements greater or lesser than these state requirements.
The Planning and Zoning Commission held several study sessions to discuss zoning for medical marijuana uses. These discussions included a review of zoning approaches used by other jurisdictions in the state, appropriate locations for MMJ uses in the city, and possible restrictions on the uses. On March 8, 2011 the commission held a public hearing and voted to recommend the following amendments to Title 16:

**Use Classification:**
Amend Table 16-5-1.1: *Table of Allowed Uses* to include medical marijuana as a Use Category under Commercial Uses.

Amend Table 16-5-1.1: Table of Allowed Uses to include medical marijuana center, medical marijuana optional premises cultivation operation and medical marijuana infused products manufacturer as a Use Types under the medical marijuana section and Use Category.

**Zone Districts:**
The Commission determined that medical marijuana and its uses are not an appropriate use in the R-1-A, R-1-B, R-1-C, R-2-A, R-2-B, MU-R-3-A, MU-R-3-B, MO-1 and MO-2 zone districts. These districts are made up primarily of residential households. It was also determined that the use would be a prohibited use as a home occupation.

The Commission determined that medical marijuana Centers are an appropriate permitted use in the M-2, MU-B-1, MU-B-2, I-1 and I-2 zone districts and the Table of Allowed Uses should be amended accordingly.

Optional premises cultivation operations and infused products manufacturers would be permitted in the M-2, MU-B-1 and MU-B-2 zone districts as accessory uses, provided that the center and cultivation operation and/or the infused products manufacturing uses combined did not occupy more than 5,000 square feet in these zone districts. The Table of Allowed Uses should be amended accordingly.

Medical marijuana centers, cultivation operations and infused product manufacturing uses would be allowed in I-1 and I-2 zone districts as permitted uses, with no restriction on size. The Table of Allowed Uses should be amended accordingly.

**Use Specific Standards:**
Add the following section and additional regulations under 16-5-2: Use Specific Standards:

13. Medical marijuana
   a. All medical marijuana Uses shall comply with State regulations and City of Englewood licensing requirements.
   
   b. Facilities in MU-B-1, MU-B-2 and M-2 zone districts: optional premises cultivation and infused product manufacturing uses are allowed only as accessory uses to a principal medical marijuana center provided the square footage of the total operation does not exceed five thousand (5,000) square feet.

**Accessory Uses:**
Add medical marijuana centers, medical marijuana-infused products manufacturers and optional premises cultivation operations to the prohibited list of home occupations under 16-5-4: Accessory Uses:
f. **Prohibited Uses.** In no event shall any home occupation include the following business or commercial activities:

[(1) – (10) are not replicated here and remain in the code.]

(11) **Medical marijuana centers.**

(12) **Medical marijuana-infused products manufacturers.**

(13) **Optional premises cultivation operation.**

Definitions:
The Commission recommended using the same definitions as the State Legislation relating to medical marijuana. The Commission recommends amending Section 16-11-2 to include the following definitions:

*Medical marijuana:* All parts of the plant (genus) cannabis used in the treatment of debilitating medical conditions as defined in the Colorado Constitution Article XVIII, Section 14.

*Medical marijuana Center:* A person licensed to operate a business that sells medical marijuana to registered patients or primary caregivers as defined in Section 14 of Article XVIII of the state constitution, but is not a primary caregiver.

*Medical marijuana-infused products manufacturer:* A person licensed pursuant to operate a business as described in C.R.S. 12-43.3-404.

*Optional premises cultivation operation:* A person licensed to operate a business as described in C.R.S. 12-43.3-403.

The above recommendations are incorporated into the proposed ordinance which is attached.

**CONCLUSION**

The proposed amendments to the UDC medical marijuana will allow medical marijuana centers in the MU-B-1, MU-B-2, and M-2 zone districts, while prohibiting them in the zone districts that are primarily residential. Facilities in these zone districts allow optional premises cultivation and infused product manufacturing as accessory uses as long as the total operation does not exceed 5,000 square feet. Medical marijuana centers, optional premises cultivation operations and infused product manufacturers will be permitted uses in the I-1 and I-2 zone districts without any restrictions. In addition, medical marijuana centers, medical marijuana-infused products manufacturers and optional premises cultivation operations will be prohibited as home occupations. Existing marijuana facilities will have a 2,500 foot buffer from any new marijuana facilities, while alcohol and drug treatment facilities and school properties will have a 2,000 foot buffer from any new facilities, whether the facilities or the medical marijuana uses are located within or outside the City.
The three existing medical marijuana uses currently licensed as caregivers will be grandfathered at their current locations (zoned MU-B-1 and MU-B-2) and will be required to obtain the required Englewood and State license(s) to continue operation. If any of the operations contains a center and cultivation or infused product manufacturing and exceeds the 5,000 square-foot requirement, they must register as a non conforming use.

If the current operation wants to add cultivation or manufacturing and does not occupy 5,000 square feet, it may expand to 5,000 square feet with approval of the appropriate license. A stand-alone center may exceed 5,000 square feet, but there cannot be stand-alone optional premises cultivation operations or infused product manufacturers in the MU-B-1, MU-B-2 or M-2 zone districts. All three uses may operate as stand-alone uses in the I-1 and I-2 zone districts, subject to spacing requirements.

FINANCIAL IMPACT

No financial impacts are anticipated from the adoption of the proposed amendments to Title 16.

DATE: March 08, 2011
SUBJECT: Case 2009-04 - Medical Marijuana Ordinance Amendments to Title 16: Unified Development Code

RECOMMENDATION:
Staff requests that the Planning and Zoning Commission review, take public testimony, and forward to City Council a recommendation for adoption of proposed amendments to Title 16: Unified Development Code (UDC) pertaining to Medical Marijuana Centers, Optional Premises Cultivation Operation, and Infused Products Manufacturing.

PROCEDURE:
Pursuant to 16-2-1.B.4 of the Englewood Municipal Code, the Commission is authorized to review and make recommendations to City Council regarding updates to Title 16: Unified Development Code. Amendments to Title 16 are necessary so that the Code remains “relevant in light of the Comprehensive Plan and current development trends and planning concerns”.

BACKGROUND:
in 2000, Colorado voters passed a constitutional amendment allowing the use of medical marijuana. On August 17, 2009 Englewood City Council approved Ordinance No. 34. This emergency ordinance established a temporary suspension or moratorium on Medical Marijuana Primary Care-givers until licensing and zoning regulations could be put into place.

On October 5, 2009 Englewood City Council approved through a second reading Ordinance No. 41. This ordinance amends Title 5 of the Englewood Municipal Code to include licensing for Medical Marijuana Primary Care-givers.

On September 9, 2009 the Englewood Planning and Zoning Commission held a study session to begin discussion on Medical Marijuana and how to regulate it within Title 16 of the Englewood Municipal Code, the Unified Development Code. This discussion carried over to the October 6, 2009 Planning and Zoning meeting. During these
discussions the Commission discussed what zone districts would be appropriate for Medical Marijuana Primary Care-givers as well as required permits, and conditions that would be suitable for this use.

Revised House Bill 10-1284 is approved on May 6, 2010. This Revised House Bill changed the definitions of medical marijuana. The definition for medical marijuana primary care-giver is replaced with medical marijuana center, optional premise cultivation operation and medical marijuana-infused product manufacturer.

On August 2, 2010 Englewood City Council approved through a second reading Ordinance No. 30. This ordinance extended the existing temporary suspension or moratorium on the establishment of new medical marijuana dispensing and growing uses.

In September 2010 Council approved a draft ordinance increasing the State spacing requirements as follows:

1. Any medical marijuana center, Optional Premises Cultivation Operation, or infused product manufacturer is required to be located at least 2,000 feet from any school, residential child care facility, and drug and alcohol treatment facility;
2. Any medical marijuana center is required to be located at least 2,500 feet from any other medical marijuana center;
3. These distances will be applied to Medical Marijuana Centers, optional premises, cultivation operations, or infused product manufacturers and schools, child care centers and alcohol and drug treatment centers whether located inside or outside the corporate limits of Englewood.

The spacing requirements between the various medical marijuana facilities will be included under the licensing requirements in Title 5 of the Englewood Municipal Code.

**PROPOSED CHANGES:**

The following outlines the recommended changes to Title 16: Unified Development Code.

**Use Classification:**
The Commission determined that medical marijuana center, medical marijuana Optional Premises Cultivation Operation and medical marijuana infused products manufacturer should be added as a Commercial Use in Table 16-5-1.1: *Table of Allowed Uses.*

**Recommendation:**
Amend Table 16-5-1.1: *Table of Allowed Uses* to include Medical Marijuana as a use under Commercial Use Category.
Amend Table 16-5-1.1: Table of Allowed Uses to include Medical Marijuana Center, Medical Marijuana Optional Premises Cultivation Operation and Medical Marijuana Infused Products Manufacturer as a Use Type with the Commercial Use Category.

a. All Medical Marijuana Uses shall comply with State regulations and City of Englewood licensing requirements.

b. Facilities in MU-B-1, MU-B-2 and M-2 zone districts: Optional Premises Cultivation and Infused Product Manufacturing uses are allowed only as accessory uses to a principal Medical Marijuana Center provided the square footage of the total operation does not exceed five thousand (5,000) square feet.

Accessory Uses:

(13) Optional Premises Cultivation Operation.

Definitions:
The Commission determined to use the same definitions as the State Constitution relating to Medical Marijuana.

Recommendation:
Amend 16-11-2 to include the following definitions:

Medical Marijuana: All parts of the plant (genus) cannabis used in the treatment of debilitating medical conditions as defined in the Colorado Constitution Article XVIII, Section 14.

Medical Marijuana Center: A person licensed to operate a business that sells medical marijuana to registered patients or primary caregivers as defined in Section 14 of Article XVIII of the state constitution, but is not a primary caregiver.

Medical Marijuana-Infused Products Manufacturer: A person licensed pursuant to operate a business as described in C.R.S. 12-43.3-404.

Optional Premises Cultivation Operation: A person licensed to operate a business as described in C.R.S. 12-43.3-403.

Zone Districts:
The Commission determined that Medical Marijuana and its uses are not an appropriate use in the R-1-A, R-1-B, R-1-C, R-2-B, R-2-C, MU-R-3-A, MU-R-3-B, MO-1 and MO-2 zone districts. These districts are made up primarily of residential households. It was also determined that the use would be a prohibited use as a home occupation.

The Commission did determine that Medical Marijuana Centers are an appropriate permitted use in the M-2, MU-B-1, MU-B-2, I-1 and I-2 zone districts.

Optional Premises Cultivation Operations and Infused Products Manufacturers would be permitted in the M-2, MU-B-1 and MU-B-2 zone districts as accessory uses, provided that
the center and cultivation operation and/or the Infused Products Manufacturing uses combined did not occupy more than 5,000 square feet in these zone districts.

Medical Marijuana Centers, cultivation operations and infused product manufacturing uses would be allowed in I-1 and I-2 zone districts as permitted uses.

BY AUTHORITY

ORDINANCE NO. 30 SERIES OF 2010
COUNCIL BILL NO. 25
INTRODUCED BY COUNCIL MEMBER JEFFERSON

AN ORDINANCE EXTENDING AN EXISTING TEMPORARY SUSPENSION OR MORATORIUM ON THE ESTABLISHMENT OF NEW MEDICAL MARIJUANA DISPENSING AND GROWING USES UNTIL JULY 1, 2011.

WHEREAS, it has been brought to Council’s attention that the current Unified Development Code does not adequately define or limit medical marijuana dispensing and growing uses; and

WHEREAS, City Council has directed staff to review, create and revise, if necessary, provisions concerning medical marijuana dispensing and growing uses; and

WHEREAS, staff will need sufficient time to review and coordinate the provisions relating to medical marijuana dispensing and growing uses in the Code; and

WHEREAS, City Council deems it necessary to coordinate the review of the Unified Development code and finds it appropriate to prohibit the establishment of new medical marijuana dispensing and growing uses in the City until the review by the staff and City Council; and

WHEREAS, the moratorium passed August 17, 2009 and extended until October 19, 2010 stops the establishment of new businesses; and

WHEREAS, those uses already in business would not be affected; and

WHEREAS, in order for the City to comply with equal protection issues, the moratorium or temporary suspension must apply to all zone districts unless specific exemptions can be legitimately set forth due to a finding that a particular zone district should be excluded; and

WHEREAS, the revisions to the Unified Development Code and the updating of the uses allowed in all zone districts will help protect the public health, safety and welfare by preserving a safe, healthy, and sound environment within the City; and

WHEREAS, the citizens of Englewood and the City Council have determined that further revisions to the Unified Development Code are necessary to promote, coordinate, and implement a high quality plan to produce well balanced zoning in the City; and

WHEREAS, the current listing of uses is not meeting the above criteria; and

WHEREAS, the Colorado State Legislature has decided to also address this issue by the passage of House Bill 1284 of the 2010 Session and the City Council finds that the revisions to the City’s Unified Development Code must be coordinated with the requirements of the Colorado Statutes as well as the Constitution; and
WHEREAS, the City Council finds that this extension of the existing moratorium or temporary suspension of the establishment of all new medical marijuana dispensing and growing uses is necessary to implement the revisions to the Unified Development Code consistent with the State Statutes;

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ENGLEWOOD, COLORADO, THAT AN EXISTING TEMPORARY SUSPENSION OR MORATORIUM ON THE ESTABLISHMENT OF NEW MARIJUANA DISPENSING AND GROWING USES UNTIL JULY 1, 2011.

Section 1. By reason of the fact that the Englewood Unified Development Code does not adequately define or limit medical marijuana dispensing and growing uses and for the immediate preservation of the public property, health, peace and safety.

Section 2. Said moratorium or temporary suspension shall be for any medical marijuana dispensing and growing uses within the City of Englewood not in operation by August 17, 2009.

Section 3. The City Council directs City staff to develop appropriate recommendations to Council, within the moratorium period, to be consistent with this Ordinance and to provide for an updating of the Unified Development Code relating to medical marijuana dispensing and growing uses.

Section 4. The City Council finds the provisions of this Ordinance are temporary in nature and are intended to be replaced by subsequent legislative enactment so that the moratorium or temporary suspension as specified in this ordinance shall terminate on July 1, 2011.

This matter was heard before the City Planning and Zoning Commission on March 8, 2011 in the City Council Chambers of the Englewood Civic Center.

Testimony was received from staff. The Commission received notice of Public Hearing, the Staff Report, and a copy of the proposed amendments to Title 16 Unified Development Code which were incorporated into and made a part of the record of the Public Hearing.

After considering the statements of the witnesses, and reviewing the pertinent documents, the members of the City Planning and Zoning Commission made the following Findings and Conclusions.

FINDINGS OF FACT

1. THAT the Public Hearing on the Unified Development Code Medical Marijuana Amendments was brought before the Planning Commission by the Department of Community Development, a department of the City of Englewood.

2. THAT notice of the Public Hearing was published in the Englewood Herald on February 18, 2011 and was on the Englewood web site from February 18, 2011 to March 8, 2011.

3. THAT the Staff report was made part of the record.
4. THAT in 2000 Colorado voters passed a constitutional amendment allowing the use of medical marijuana.

5. THAT on August 17, 2009 Englewood City Council approved Ordinance No. 34 establishing a moratorium on Medical Marijuana Primary Caregivers until licensing and zoning regulations could be put in place.

6. THAT on October 5, 2009 Englewood City Council approved through a second reading Ordinance No. 41 amending Title 5 of the Englewood Municipal Code to include licensing for Medical Marijuana Primary Caregivers.

7. THAT in September and October of 2009 the Planning and Zoning Commission held study sessions to begin discussions on Medical Marijuana and how to regulate it within Title 16 of the Englewood Municipal Code.

8. THAT on May 6, 2010 House Bill 10-1284 was approved by the State Legislature. This House Bill created new definitions of Medical Marijuana facilities to be licensed in the State: Medical Marijuana Center, Optional Premise Cultivation Operation and Medical Marijuana Infused Product Manufacturer.

9. THAT on August 2, 2010 Englewood City Council approved through a second reading Ordinance No. 30 which extended the existing temporary moratorium on the establishment of new medical marijuana dispensing and growing uses.

10. THAT spacing requirements between the medical marijuana facilities will be included under the licensing requirements in Title 5 of the Englewood Municipal Code.

CONCLUSIONS

1. THAT the Public Hearing on the Unified Development Code Medical Marijuana Amendments was brought before the Planning Commission by the Department of Community Development, a department of the City of Englewood.

2. THAT notice of the Public Hearing was published in the Englewood Herald on February 18, 2011 and was on the Englewood web site from February 18, 2011 to March 8, 2011.

3. THAT in 2000 voters in the State voted to amend the Constitution to allow the use of medical marijuana.

4. THAT medical marijuana uses be prohibited in the R-1-A, R-1-B, R-1-C, R-2-B, R-2-C, MU-R-3-A, MU-R-3-B, MO-1 and MO-2 zone districts.
5. That in 2010 the State passed legislation defining and enabling local jurisdictions to license and regulate medical marijuana centers, optional premises cultivation operations and infused product manufacturers.

5. That medical marijuana centers are an appropriate permitted use in the M-2, MU-B-1, MU-B-2 zone districts.

6. That Optional Premises Cultivation Operations and Infused Products Manufacturers be allowed as accessory uses to a principal Medical Marijuana Center in the M-2, MU-B-1 and MU-B-2 zone districts, provided that the Center and Cultivation Operation and/or Infused Products Manufacturing uses combined do not occupy more than 5,000 square feet.

7. That Medical Marijuana Centers, Optional Premises Cultivation Operations and Infused Products Manufacturers be allowed as permitted uses in the I-1 and I-2 zone districts.

8. That medical marijuana and its uses are prohibited as a home occupation.

9. That all medical marijuana uses shall comply with State regulations and City of Englewood licensing requirements.

10. That the City uses the same definitions as the State Constitution relating to Medical Marijuana:

a. Medical Marijuana: All parts of the plant (genus) cannabis used in the treatment of debilitating medical conditions as defined in the Colorado Constitution Article XVIII, Section 14.

b. Medical Marijuana Center: A person licensed to operate a business that sells medical marijuana to registered patients or primary caregivers as defined in Section 14 of Article XVIII of the State Constitution, but is not a primary caregiver.

c. Medical Marijuana-Infused Products Manufacturer: A person licensed pursuant to operate a business as described in C.R.S. 12-43.3-404.

d. Optional Premises Cultivation Operation: A person licensed to operate a business as described in C.R.S. 12-43.3-403.
11. **THAT** the amendments provide for the health and welfare of persons who need medical marijuana for pain and other medical issues while at the same time looking after the safety and general welfare of the community at large by placing the medical marijuana centers strategically to avoid problems with sensitive areas in Englewood.

12. **THAT** the amendments reflects the discussions the Planning and Zoning Commission has had over the past couple of years.

13. **THAT** the amendments work for the community; medical marijuana uses are allowed with reasonable restrictions.

14. **THAT** the Commission is in favor of the more strict spacing requirements.

15. **THAT** the previously discussed amendments be forwarded to City Council.

**DECISION**

**THEREFORE,** it is the decision of the City Planning and Zoning Commission that Case #2009-04 Unified Development Code Medical Marijuana Amendments should be referred to the City Council with a favorable recommendation.

The decision was reached upon a vote on a motion made at the meeting of the City Planning and Zoning Commission on March 8, 2011, by Mr. Bleile, seconded by Mr. Roth, which motion states:

```
CASE #2009-04. AMENDMENTS TO TITLE 16: UNIFIED DEVELOPMENT CODE OF THE ENGLEWOOD MUNICIPAL CODE RELATED TO MEDICAL MARIJUANA BE RECOMMENDED AS PRESENTED FOR APPROVAL TO CITY COUNCIL WITH A FAVORABLE RECOMMENDATION FOR ADOPTION.

RECOMMENDED ACTION

Staff recommends that Council adopt a bill for an ordinance authorizing an Intergovernmental Agreement between the City of Englewood and Great Outdoors Colorado (GOCO) for the acceptance of grant funding for the development of a site-specific park plan for Duncan Park redevelopment.

BACKGROUND, ANALYSIS, AND ALTERNATIVES IDENTIFIED

The purchase of the Duncan Park property from Englewood Schools was completed in 2010. On August 16, 2010 Council approved Resolution No. 75, Series of 2010 supporting the City's GOCO grant application for Duncan Park redevelopment. The City was successful in receiving the requested $75,000 grant. The grant will be used to fund the planning process.
After the Intergovernmental Agreement has been completed, the City will develop a Request for Proposal (RFP) to select a consultant to develop a site-specific plan. At the conclusion of this planning project the development and construction documents will have been fully vetted through the public process. Citizens, neighbors and user groups will have ample opportunity to provide input. The Parks and Recreation Commission will provide input and have oversight throughout the process. Our current schedule indicates that the plan will be completed by the end of the first quarter of 2012.

FINANCIAL IMPACT

GOCO Grant award $75,000. Required City matching funds of $60,038 budgeted in 2012 Arapahoe County Open Space share back fund. The total project cost is $135,038.

EXHIBITS

Exhibit A Ordinance Approving this Grant Agreement
Exhibit B Approved Budget
Exhibit C Summary of Overdue Grants Policy

CONTEXT OF AGREEMENT:

A. The State Board of the Great Outdoors Colorado Trust Fund (referred to herein as "GOCO" or the "Board") is a political subdivision of the State of Colorado, created by Article XXVII of the Colorado Constitution, adopted at the November 1992 General Election, which article appropriates a portion of the net proceeds of the Colorado Lottery to the Board and directs the Board to invest those proceeds in the State’s parks, wildlife, open space and recreational resources.

B. In 1994, the Board created a statewide grant program, pursuant to which eligible entities could apply for grants to plan for local government parks and outdoor recreation projects to which Grantee responded with a detailed application (the "Project Application").
C. Grantee submitted a Project Application to the Board which contemplates the execution of the project entitled and described above (the “Project”). The parties acknowledge that they have on file a complete copy of the Project Application, which is incorporated herein by reference.

D. The Board approved Grantee’s Project Application on 12/8/2010, subject to the execution of a detailed grant agreement, and subject to the terms and conditions set forth herein. The parties intend this agreement to be the detailed final grant agreement required by the Board (the “Agreement”).

AGREEMENT

NOW, THEREFORE, in consideration of the parties’ mutual covenants contained herein and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto agree as follows:

1. Incorporation of Recitals. The Recitals set forth above are hereby incorporated into the terms and conditions of this Agreement.

2. Representations and Warranties of Grantee.
   a. Grantee is a Municipality, duly organized in accordance with the laws of Colorado and has full and lawful authority to enter into, and comply with the terms of, this Agreement.
   b. Grantee’s governing body has authorized entering into this Agreement as evidenced by the ordinance attached hereto as Exhibit A.

3. Grant and Project. Subject to the terms and conditions set forth in this Agreement, the Board hereby awards to Grantee a sum not to exceed $75,000.00 (the “Grant”). The Grant shall be used by Grantee solely to complete the Project, in substantial conformity with the Project Application.

4. Project Scope. Grantee shall not materially modify the Project or the Project budget (attached hereto as Exhibit B, the “Budget”) without the prior written approval of the Executive Director of GOCO (“Executive Director”) or the Executive Director’s designee, such approval to be in GOCO’s sole discretion. Any material modification to the Project undertaken without GOCO’s prior written consent may be deemed a breach of this Agreement by GOCO, entitling GOCO to all remedies available under this Agreement. If Grantee determines with reasonable probability that the Project will not or cannot be completed as reflected in the Project Application, Grantee will promptly so advise the Board, and cooperate in good faith to seek a resolution before any further funds are advanced.
5. **Grantee Efforts.** Grantee shall complete the Project in a timely fashion, in a good and workmanlike manner, and consistent with this Agreement and GOCO’s approvals related to the Project.

6. **Completion Date.** Grantee shall complete the Project and submit its Final Report no later than **June 8, 2012** (the “Completion Date”) which is eighteen months after the Board’s approval of the Project. Grantee may request an extension of the Completion Date in compliance with GOCO’s Overdue Grants Policy, which is attached as Exhibit C (“Overdue Grants Policy”). If Grantee determines with reasonable probability that the Project will not or cannot be completed by the Completion Date or any extended completion date, Grantee will promptly so advise the Board, and cooperate in good faith to seek a resolution before any further funds are advanced.

7. **Matching Funds.** Grantee shall obtain the matching cash and in-kind contributions for the Project as reflected in the Budget and as required by GOCO policy, and shall provide such evidence of the same as GOCO may require in its discretion from time-to-time.

8. **Disbursement of Funds.**

   a. **Advance Payment:** If Grantee opts to receive a portion of the Grant funds prior to beginning work on the Project (an “Advance Payment”), Grantee shall provide GOCO with a copy of the fully-executed contract or contracts under which a substantial portion of the Project will be completed and/or invoices, receipts or other documentation evidencing initial expenses. Such contract or contracts shall show the work and the cost of the work to be completed. GOCO may, in its discretion, request additional documentation to support making an Advance Payment. An Advance Payment shall not exceed 75% of the funds contracted and/or expended for the Project or 50% of the Grant, whichever is less. An Advance Payment shall be considered a loan until the Project is complete and Final Payment (as defined below) has been made. If Grantee opts to receive an Advance Payment, it may not receive a Progress Payment (as defined below).

   b. **Progress Payment:** If Grantee has opted to forego an Advance Payment and has opted to receive a portion of the Grant funds after starting but prior to completing work on the Project (a “Progress Payment”), Grantee shall provide GOCO with a progress report detailing expenditures and progress made to date (“Progress Report”). The Progress Report must be submitted using GOCO’s Progress Report form (available at www.goco.org or by contacting GOCO). GOCO may, in its discretion, request additional documentation to support making a Progress Payment. A Progress Payment shall not exceed 75% of the funds expended to date for the Project or 50% of the Grant, whichever is less. A Progress Payment shall be considered a loan until the Project is complete and Final Payment (as defined below) has been made. If Grantee received an Advance Payment, it may not receive a Progress Payment.

   c. **Final Payment:** Once the Project is complete, Grantee shall submit a final report to GOCO detailing the accomplishments of and expenditures related to the Project (the “Final Report”). The Project is “complete” when all the tasks and final products contemplated in the Project Application have been completed. The Final Report must be submitted using GOCO’s Final Report form (available at www.goco.org or by contacting GOCO). GOCO may, in its
discretion, request additional documentation before its approval of the contents of the Final Report. Upon GOCO’s review and approval of the Final Report, GOCO shall pay the outstanding balance on the Grant (the “Final Payment”), subject to any reductions contemplated by any provision of this Agreement.

9. **Conditions for Disbursement of Funds.** Except as provided in Paragraph 10 below, the Grant is subject to the following requirements and conditions.

a. The Grant and all matching funds shall be used only for eligible expenses approved by GOCO.

b. Disbursement of Grant funds shall be made on the basis of costs actually incurred by Grantee and supported by written documentation (receipts, bills, etc.).

c. Except as otherwise agreed to in advance by GOCO in accordance with the terms of this Agreement, no material modifications may be made to the Project. Material modifications to the Project to which GOCO has not agreed may result in a reduction in the Grant. “Material modifications” may include, but are not necessarily limited to, a reduction in the total cost of the Project, a reduction in the scope of the anticipated planning process (for example, elimination of an element of a master plan), or any other variance from the Project as presented in the Project Application. It is the sole responsibility of Grantee to inform GOCO of any such modifications to the Project. GOCO strongly encourages Grantee to contact GOCO in writing when it becomes aware of or wishes to make any such modifications, however seemingly minor, to the Project.

10. **Waiver.** The Executive Director or the Executive Director’s designee may in such person’s discretion, waive or agree to modify one or more of the obligations in sections 8, 9, and 16 of the Agreement, or may permit performance of one or more of such obligations subsequent to disbursement.

11. **Payment of Grant Subject to Sufficient Net Lottery Proceeds.** Payment of the Grant is subject to GOCO’s determination in its sole discretion that it has received and has available sufficient net lottery proceeds to fund the Grant. In determining the sufficiency of net lottery proceeds, GOCO may consider all facts and circumstances as it deems necessary or desirable in its discretion, including, but not limited to, adequate reserves, funding requirements and/or commitments for other past, current and future grants, and past, current and future GOCO operating expenses and budgetary needs.

12. **Compliance with Regulatory Requirements and Federal and State Mandates.** The Grantee hereby assumes responsibility for compliance with all regulatory requirements in all applicable areas, including but not limited to nondiscrimination, worker safety, local labor preferences, preferred vendor programs, equal employment opportunity, use of competitive bidding, and other similar requirements. To the extent permitted by law, the Grantee will indemnify the Board from any liability or any failure to comply with any such applicable requirements.
13. **Nondiscrimination.** During the performance of this agreement, the Grantee and its contractors shall not unlawfully discriminate against any employee or applicant for employment because of race, religion, color, national origin, ancestry, physical handicap, medical condition, marital status, age, or sex. The Grantee and its contractors shall ensure that the evaluation and treatment of their employees and applicants for employment are free of such discrimination.

14. **Publicity and Project Information.**

a. Grantee shall acknowledge Board funding in all publicity issued by it concerning the Project.

b. Grantee shall cooperate with the Board in preparing public information pieces.

c. Grantee shall give the Board the right and opportunity to use information gained from the Project.

d. If Grantee uses the Grant to create, maintain, or update its website or uses its website to disseminate information about the Project, Grantee shall acknowledge Board funding on its website.

e. If Grantee uses the Grant to create, publish, or update any written material or uses such written material to disseminate information about the Project, Grantee shall acknowledge Board funding in the written material.

f. If any events are planned in relationship to or as part of the Project, Grantee shall acknowledge the Board as a contributor to the event and shall notify the Board at least thirty (30) days prior to the event.

15. **Liability.**

a. Grantee shall be responsible for, and to the extent permitted by law (including any constitutional or statutory limitations on the ability of a governmental entity to provide indemnification), indemnify, defend and hold harmless the Board, its officers, agents and employees from any and all liabilities, claims, demands, damages or costs (including reasonable legal fees) resulting from, growing out of, or in any way connected with or incident to Grantee’s performance of this Agreement. Grantee hereby waives any and all rights to any type of express or implied indemnity or right of contribution from the State of Colorado, the Board, its members, officers, agents or employees, for any liability resulting from, growing out of, or in any way connected with or incident to this Agreement. Grantee acknowledges that Grantee is the owner of the Project and the Property upon which it is located, or has control of the Project and the Property, and that GOCO neither possesses nor controls the Project, the Property, nor the operations of the Project.

b. Anything else in this Agreement to the contrary notwithstanding, no term or condition of this Agreement shall be construed or interpreted as a waiver, either express or implied, of any of the immunities, rights, benefits or protection provided to the Board under the Colorado
Governmental Immunity Act ("CGIA") as amended or as may be amended in the future (including, without limitation, any amendments to such statute, or under any similar statute which is subsequently enacted). This provision may apply to Grantee if Grantee qualifies for protection under the Colorado Governmental Immunity Act, C.R.S. §24-10-101 et seq. The Board and Grantee understand and agree that liability for claims for injuries to persons or property arising out of the negligence of the Board, its members, officials, agents and employees may be controlled and/or limited by the provisions of the CGIA. The parties agree that no provision of this Agreement shall be construed in such a manner as to reduce the extent to which the CGIA limits the liability of the Board, its members, officers, agents and employees.

16. Audits and Accounting. Grantee shall maintain standard financial accounts, documents, and records relating to the use, management, and operation of the Project. The accounts, documents, and records related to the Project shall be retained by the Grantee for five (5) years following the date of disbursement of funds under this Agreement. The Board, or its designated agent, shall have the right, upon reasonable notice to the Grantee, to audit the books and records of Grantee which pertain to the Project and to the use and disposition of Board funds. The Grantee may use any accounting system which follows the guidelines of "Generally Accepted Accounting Practices" published by the American Institute of Certified Public Accountants.

17. Withdrawal of Board Funding. Anything else in this Agreement or otherwise to the contrary notwithstanding, the Board may withdraw, in whole or in part, the Grant and/or terminate this Agreement, and/or seek a refund of payments already made if the Board determines in its discretion that:

a. facts have arisen or situations have occurred that fundamentally alter the expectations of the parties or make the purposes for the Grant as contemplated infeasible or impractical;

b. any material modifications in the scope or nature of the Project have occurred from that which was presented in the Project Application and such material modifications have not received the prior written approval of GOCO;

c. any statement or representation made by Grantee in the Project Application, this Agreement, the Advance Payment documentation, the Progress Report, the Final Report, or otherwise is untrue, inaccurate or incomplete in any material respect;

d. the results of GOCO's review of the Advance Payment documentation, the Progress Report, or the Final Report are not acceptable to GOCO;

e. the Project will not or cannot be completed by the Completion Date or any extensions granted thereto or delays in the implementation of the Project have occurred which, in the Board's judgment, make the Project impracticable;

f. the Project will not or cannot be completed within the Budget or any approved modifications, or the total Project cost and/or Grantee's matching funding are reduced;

g. sufficient net lottery proceeds are not available to fund the Grant.
18. **Breach.**

a. In the event that Grantee breaches any of the terms, covenants, representations, or conditions of this Agreement, the Board may elect to enforce any and all remedies available at law or in equity, including without limitation, any of the following:

   i. Prior to payment of Grant:

      A. Withdraw the Grant and terminate this Agreement; and,

      B. Deny Grantee eligibility for participation in future Board grants, loans or projects.

   ii. After payment (partial or full) of Grant:

      A. Deny Grantee eligibility for participation in future Board grants, loans or projects;

      B. Seek specific performance of Grantee’s obligations under this Agreement;

      C. Receive reimbursement in full of disbursement made under the Grant.

b. The foregoing remedies are cumulative and may be exercised independently or in combination and are not exclusive to one another or to any other remedies available at law or in equity. In the event GOCC must pursue any remedy hereunder and is the substantially prevailing party, GOCC shall be awarded its costs and reasonable legal fees, including costs of collection.

19. **Good Faith.** There is an obligation of good faith on the part of both parties, including the obligation to make timely communication of information which may reasonably be believed to be material to the other party.

20. **Assignment.** Grantee may not assign its rights under this Agreement without the consent of the Board, which consent shall be in the discretion of the Board. Any assignment shall require, at a minimum, that the assignee is eligible to receive grants from the Board and assumes Grantee’s ongoing obligations under this Agreement.

21. **Applicable Law.** This Agreement shall be governed by the laws of the State of Colorado and venue for any dispute hereunder shall lie exclusively in the State Courts of the City and County of Denver.

22. **No Joint Venture.** Nothing in this Agreement shall be construed to create a joint venture, partnership, employer/employee or other relationship between the parties hereo other than independent contracting parties. Except as permitted under the remedies provisions hereunder, neither party shall have the express or implied right to act for, on behalf of, or in the name of the other party.
23. **Severability.** If any provision of this Agreement, or the application thereof, is found to be invalid, the remainder of the provisions of this Agreement, or the application of such provision, other than those as to which it is found to be invalid, shall remain in full force and effect.

24. **Time is of the Essence.** Time is of the essence in this Agreement.

25. **Survival.** The terms and provisions of this Agreement and the parties' covenants hereunder shall survive the funding of the Grant and the completion of the Project.

26. **Fax and Counterparts.** This Agreement may be executed in one or more counterparts, each of which shall be an original, but all of which when taken together shall constitute one Agreement. In addition, the parties agree to recognize signatures of this Agreement transmitted by telecopy or e-mail as if they were original signatures.

27. **Third Party Beneficiary.** The Board and Grantee hereby acknowledge and agree that this Agreement is intended only to cover the relative rights and obligations between the Board and Grantee, and that no third party beneficiaries are intended.

28. **Construction.** Each party hereto has reviewed and revised (or requested revisions of) this Agreement, and therefore, any usual rules of construction requiring that ambiguities are to be resolved against a particular party shall not be applicable in the construction and interpretation of this Agreement.

29. **Waiver.** The failure of either party to enforce a term hereof shall not be deemed a waiver of such term or right of enforcement as to that breach or any subsequent breach of the same, similar or different nature. No waiver shall be enforceable hereunder unless signed by the party against whom the waiver is sought to be enforced.

30. **Entire Agreement.** Except as expressly provided herein, this Agreement constitutes the entire agreement of the parties. No oral understanding or agreement not incorporated in this Agreement shall be binding upon the parties. No changes to this Agreement shall be valid unless made as an amendment to this contract, approved by the Board, and signed by the parties.

IN WITNESS WHEREOF, the parties by signature below of their authorized representatives execute this Agreement effective as of the ___ day of ________________ 2011.

COUNCIL COMMUNICATION

Date: April 18, 2011
Agenda Item: 11 ci
Subject: Contract for Concrete Utility 2011

Initiated By: Department of Public Works
Staff Source: David Henderson, Engineering/Capital Projects Administrator

COUNCIL GOAL AND PREVIOUS COUNCIL ACTION

- On May 5, 1997, City Council approved Ordinance No. 36, Series 1997 creating a Concrete Utility and Concrete Utility Enterprise Fund (EMC Chapter 8, Title 12).
- Council has approved annual construction contracts for removal and replacement of substandard concrete.

RECOMMENDED ACTION

Staff recommends that City Council award, by motion, a contract with T & M Construction, LLC, in the amount of $222,598.50, for construction of Concrete Utility 2011 and authorizing the Director of Public Works to execute the contract.

BACKGROUND, ANALYSIS, AND ALTERNATIVES IDENTIFIED

The Englewood Municipal Code (Section 11-3B-1) requires property owners to maintain the concrete curbs, gutters, and sidewalks adjacent to their property. An option available to property owners is to participate in the Concrete Utility. The Concrete Utility provides a funding mechanism for concrete repair at a reasonable cost ($6.50 to $8.00 quarterly fee for a typical residential property) and a convenient way to pay (96% of the fees are collected through the water/sewer billing system). The City contributes its share of the fees just like any private owner.

In-house staff prepared bid documents and quantity estimates for the 2011 Concrete Utility Project. The project was publicly advertised in March and bids were opened on March 31, 2011. T & M Construction, LLC submitted the lowest responsive bid. Staff has evaluated the references provided by T & M Construction LLC and received only positive feedback from the other municipalities contacted.

FINANCIAL IMPACT

Ten bids were received and opened on March 31, 2011 as detailed in the attached Bid Tabulation. Note that the lowest bid was rejected due to numerous fatal flaws. The City Attorney’s office and Purchasing Division were consulted and concur with the rejection of this bid. The bid submitted by T & M is considerably below the Engineers Estimate of $290,000. Staff has included a substantial contingency to add work and take advantage of favorable pricing.
Estimated Construction costs for the 2011 project are as follows:

- Construction contract (T & M Construction) $222,598.50
- Contingency for unidentified work 102,402.00
- Total Estimated 2011 Construction Cost $325,000.00

$325,000 is budgeted for construction in the 2011 Concrete Utility.

B. Scope of Work: The Contractor agrees to and shall furnish all labor, tools, supplies, equipment, materials, erosion control, traffic control, and everything necessary for and required to do, perform and complete all the work described, drawn, set forth, shown and included in said Contract Documents.
C. **Terms of Performance:** The Contractor agrees to undertake the performance of the work under this Contract within **ten (10) days** from being notified to commence work by the Director of Public Works, **not before May 16, 2011**, and agrees to fully complete said work within **one hundred ten (110) calendar days**, plus such extension or extensions of time as may be granted by the Director of Public Works in accordance with the provisions of the Contract Documents and Specifications.

D. **Indemnification:** The City cannot and by this Agreement/Contract does not agree to indemnify, hold harmless, exonerate or assume the defense of the Vendor or any other person or entity, for any purpose. The Vendor shall defend, indemnify and save harmless the City, its officers, agents and employees from any and all claims, demands, suits, actions or proceedings of any kind or nature including Worker's Compensation claims, in any way resulting from or arising out of this Agreement/contract: provided, however, that the Vendor need not indemnify or save harmless the City, its officers, agents and employees from damages resulting from the sole negligence of the City’s officers, agents and Employees.

E. **Termination of Award for Convenience:** The City may terminate the award at any time by giving written notice to the successful vendor of such termination and specifying the effective date of such termination, at least thirty (30) days before the effective date of such termination. If the award is terminated due to the fault of the successful firm, the clause relating to termination of the award for cause shall apply.

F. **Termination of Award for Cause:** If, through any cause, the successful firm shall fail to fulfill in a timely and proper manner its obligations or if the successful firm shall violate any of the covenants, agreements or stipulations of the award, the City shall have the right to terminate the award by giving written notice to the successful firm of such termination and specifying the effective date of termination. In that event, all furnished or unfinished services, at the option of the City, become its property, and the successful firm shall be entitled to receive just, equitable compensation for any satisfactory work documents, prepared completed or materials as furnished.

   **Notwithstanding** the above, the successful firm shall not be relieved of the liability to the City for damages sustained by the City by virtue of breach of the award by the successful firm, and the City may withhold any payments to the successful firm for the purpose of set off until such time as the exact amount of damages due the City from the successful firm is determined.

G. **Terms of Payment:** The City agrees to pay the Contractor for the performance of all the work required under this contract, and the Contractor agrees to accept as his full and only compensation therefore, such sum or sums of money as may be proper in accordance with the price or prices set forth in the Contractor's proposal attached and made a part hereof, the total estimated cost thereof being **Two-Hundred Twenty-Two Thousand, Five-Hundred Ninety-Eight Dollars and Fifty Cents (222,598.50).**
H. **Appropriation of Funds:** At present, $222,598.50 has been appropriated for the project. Notwithstanding anything contained in this Agreement to the contrary, in the event no funds or insufficient funds are appropriated and budgeted by the governing body or are otherwise unavailable in any following fiscal period for which appropriations were received without penalty or expense except as to those portions of the Agreement or other amounts for which funds have already been appropriated or are otherwise available. The City shall immediately notify the contractor or its assignee of such occurrence in the event of such termination.

[C.R.S 8-17.5-102(2)(a)(I) & (II).]

   (b) Verification: Contractor will participate in either the E-Verify program or the Department program, as defined in C.R.S. §§ 8-17.5-101 (3.3) and 8-17.5-101 (3.7), respectively, in order to confirm the employment eligibility of all employees who are newly hired for employment to perform work under this public contract for services. Contractor is prohibited from using the E-verify program or the Department program procedures to undertake pre-employment screening of job applicants while this contract is being performed.

   (c) Duty to Terminate a Subcontract: If Contractor obtains actual knowledge that a subcontractor performing work under this Contract knowingly employs or contracts with an illegal alien, the Contractor shall:
