City of Englewood offices will be closed in honor of Presidents’ Day

Englewood, CO: The Englewood Civic Center offices and the Englewood Public Library will be closed on Monday, February 20, 2012 in observance of Presidents’ Day. The Englewood City Council meeting normally scheduled for the third Monday of February will be held Tuesday, February 21, 2012 at 7:30 pm.

The Englewood Recreation Center, Malley Senior Recreation Center, and Broken Tee Englewood Golf Course will be open for business on Presidents’ Day.
Englewood gets proposal for historic Depot property

By Daniel Smith
YourHub Reporter

The old depot may yet see a new future.

Englewood City Council is reviewing a proposal to purchase the historic former Atchison, Topeka and Santa Fe Railroad depot, from Pillar Property Services of Denver, who submitted the only proposal. Terms of the proposal haven't been announced, and negotiations are ongoing.

Paul Malinowski, CEO of Pillar and a former head of the Englewood Housing Authority when it had a role in the depot's preservation, is interested in using the building for business, according to Deputy City Manager Mike Flaherty.

Malinowski said he loves historic buildings and it would fit their needs.

The stucco-on-wood frame structure was first built in 1915 on the east side of the railroad tracks just south of Santa Fe Drive. It was moved to its current location at 3098 S. Galapago St. in 1994 to save it from demolition, and underwent partial restoration, funded by the Colorado Historical Fund. Englewood bought the 1,700-square foot structure and the land in 1998, according to the city, and deeded the structure to the now-defunct Englewood Historical Society.

The society mounted efforts to preserve it, which failed and the society later gave the building to the city.

The mission-style depot is one of two of that particular style still in existence. The other is located in Glorieta, New Mexico.

Englewood mulls crosswalk for concertgoers

Gothic Theater known for its jaywalkers

By Peter Jones

If you can't bring the jaywalkers to the crosswalk, maybe you can bring the crosswalk to the jaywalkers.

That's the thinking of Englewood city officials as they try to make the area around the Gothic Theater safer for pedestrian concertgoers.

The popular music venue at 3263 S. Broadway sits between Eastman and Floyd avenues, neither of which has a Broadway crosswalk on the side closest to the Gothic. The historic theater, which is adjacent to a residential neighborhood, has a small parking lot, which has caused most customers to take their chances with on-street parking.

"There is a real problem of people illegally crossing the street," said Alan White, Englewood's community development director. "Our consultant and staff actually went out on a concert night and observed what people were doing. They do not walk to either street to cross Broadway. They just dart across Broadway and hop the median."

Although White says concert jaywalkers have yet to cause an accident, the city and area business owners are not looking to take chances. At the request of the South Broadway Mile, the neighborhood's tax-supported business improvement district, Englewood is mulling construction of a mid-block crosswalk that would likely be positioned directly in front of the Gothic Theater.

After studying the area, a traffic-engineering consultant recommended the crosswalk as the city's best option, in part because the north side of Floyd Avenue, the most commercial of the two nearby intersecting streets, is not well suited for a more traditional intersection-based crossing.

"It's at a skewed angle," White said, "and because of the magnitude of left turns occurring there, the city has felt that it isn't safe to encourage people to cross the street on the north leg."

Plus, given the anecdotal evidence collected by the consultant, the Gothic's clientele may not be inclined to walk their way to either of the nearby intersections anyway, potentially defeating the expensive project's purpose.

Although the City Council has yet to give formal approval to the crosswalk, itself, it has agreed to use $20,000 in grant money from the Tri-County Health Department to have a consultant do the design work, which must be finished by the end of the month to meet the grant's requirements.

"The consultant is looking at the exact placement of the crosswalk, what it would look like and what pieces of the median would need to be removed," White said.

Construction, if eventually approved by the council, would be funded by either Englewood's capital-improvement fund or by further grants perhaps from the Denver Regional Council of Governments, White said.

Preliminary estimates have put construction costs at roughly $100,000.
The Colorado Department of Transportation (CDOT) is rebuilding a traffic signal at U. S. 285 and University Blvd. We just received information from CDOT that they are moving the work to night time hours between 9pm and 5:30am beginning Sunday, February 19 (see attached).

Staff will provide the City noise ordinance to CDOT's contractor. Updates will be provided as they become available.
We have decided to move to nighttime work at this intersection for the next 3 weeks. Standard working times will be from 9pm to 5:30am.

However, very late notice, but tonight at 2:30am the contractor will be caisson drilling on the NE and SW corners. What will be required is a double lane closure for EB Hampden and a single lane closure of WB Hampden (not at the same time of course). Each caisson will take approximately 1 hour to drill. Concrete will be poured around 6am, and will require a right turn pocket closure on both corners. CDOT Public Information has been made aware of this activity. I apologize for the late notice, I thought this work was happening Saturday morning and I had a little more time to composed an email.

Re: Hampden Avenue & University Blvd  
CDOT Project #FSA C110-032

Mr. Vostry,

We have been contracted by the Colorado Department of Transportation for the construction of a new Mast Arm Traffic Signal System located at the abovementioned intersection. We have pulled the necessary permits with the City of Cherry Hills Village for the new construction. Due to numerous complaints from the traveling public, we have chosen to move the project to nights starting on Sunday February 19th at 9:00 pm. Normal operating hours will be from 9:00 pm thru 5:30 a.m. Sunday thru Thursday. We are anticipating finishing all night work on Tuesday March 6th. If weather has an adverse effect on the project, we will keep you informed of any changes. The work will consist of directionally boring conduits around the intersection for new wiring, new Traffic Poles, Signals and corresponding hardware. We will be utilizing directional bore rigs, cranes, aerial lifts, backhoes, mini-excavators and pickup trucks to facilitate the installation.

Please contact me at your earliest convenience to discuss the project in its entirety. I can be reached at my office at 720-684-4184 or on my mobile at 303-434-5805.

Thank you for your assistance,

Jeff Lints

DENVER WATER PROJECTS (CONDUIT 13 REHABILITATION)

Vault Repair at Quincy/Broadway
Denver Water will be rebuilding a concrete vault on Quincy Ave. just west of Broadway. The work will require a full closure of Quincy for approximately 60 days. The contractor (Concrete Works of Colorado) closed Quincy and began the project on Monday, January 30th. Concrete Works of Colorado continued work on the vault repair project.

60" Water Line Repair Lehow Ave.
Denver Water will be installing a valve and replacing a portion of the 60-inch water line in Lehow Avenue. This work will require a full closure of Lehow for approximately three weeks. The road will be closed west of the Kmart entrance. Thru traffic will be detoured via Delaware St. and Rafferty Gardens Avenue. The contractor closed the road and began work on February 6th. T. Lowell Construction continued work on the water line repair.

MID-BLOCK CROSSING DESIGN 3200 S. BROADWAY
Tri-County Health approved Community Development's request to transfer surplus grant funds from the Master Bicycle Plan to the Complete Streets Project. This allowed the City to proceed with the design of a mid-block pedestrian crossing near the Gothic Theater, utilizing 100% grant funding for design.

A professional services contract with Hedrick & Associates has been executed, and the design process is underway. Public Works and Community Development staff reviewed five conceptual design options and selected Option 4 (see attached). The consultant is preparing final design plans and will be finished by the first week of March.

Per the Manual of Uniform Traffic Control Devices (MUTCD), traffic conditions (pedestrian and vehicular) do not satisfy the warrants for a full traffic signal; however, the MUTCD warrants for a crossing controlled by a Hybrid Beacon (HAWK) are satisfied. The HAWK will be designed to coordinate with overall traffic signal operations within the Broadway Corridor. A video of the operation of a HAWK can be viewed at http://dot.tucsonaz.gov/traffic3/video/HAWK.wmv.

DUNCAN PARK PLANNING AND DESIGN
Council approved awarding a Professional Services Agreement for the planning and design of new park facilities at Duncan Park. All Souls School has completed moving out of the building. The keys have been turned over to the Parks Department. Staff continued the process of planning for environmental abatement and demolition of the old school building. Parks and Recreation staff expect to present a
Professional Services Contract for environmental abatement and demolition at the March 5th City Council meeting.

**Servicenter Salt/Sand Storage**
The project is substantially complete. The contractor completed working on punch list items.

**Kent Place**
The developer has selected Mark Young Construction, Inc. as the contractor for both onsite and offsite work. Permits have been issued for all of the off-site work, along with grading and retaining wall work on-site. Continuum Partners and Regency Centers Corporation are supplying bi-weekly project information. A link to this information is available on the City’s web site: http://www.englewoodgov.org/Index.aspx?page=498

The contractor has temporarily demobilized due to weather. Some operations not affected by weather (i.e., traffic signal testing, removal of excess dirt, and installation of dry utilities), continue.

**University/Hwy. 285 Traffic Signal**
CDOT began their project to upgrade the Hwy. 285/University traffic signal. The project will install new signal poles, mast arms, and signal heads at the intersection. This CDOT project is independent of the Kent Place development. The Kent Place developer has granted permission for CDOT’s contractor (Interface CC) to stage on their property. CDOT expects to be complete around the end of March.

**Englewood Golf Course – Front Nine Irrigation Pump Station Intake Pipe**
American Civil Contractors (ACC) is replacing the old decomposing intake pipe from the pond to the irrigation wet well with new HDPE pipe. Approximately 75 feet of pipe will be replaced. The intake pipe has been installed into the wet well and grouted. The new screen has been placed on the opposite end of the intake pipe. The area has been backfilled and graded, and the rip-rap is being replaced. ACC will return in the spring of 2012 to repair the irrigation pipe that was damaged during construction. They will also seed the construction area and add soil where any settling has occurred.

**Security Camera Project**
The consultant, Cator, Ruma, & Associates, is preparing final plans and specifications.

**Xcel Energy Projects**

**Santa Fe Light Poles**
Xcel Energy continued installing new poles and fixtures on the Santa Fe corridor. The Englewood portion of the project appears very close to completion.

**Belleview Gas Line Replacement**
Q3 Contracting has been contracted by Xcel Energy to replace the cast iron gas main that runs from Broadway to Franklin on Bellevue Ave. The process of replacing the cast iron gas main continued. The contractor continued working at the Clarkson intersection and is proceeding east into Greenwood Village. Xcel expects to complete this project this week.

**Denver S. Broadway Improvements**
The City of Denver continued construction on S. Broadway between Wesley and Yale. Information about the Denver project can be seen at the following website:

**Concrete Utility 2012**
The 2012 Program is out to bid. Bids are due on March 6th. Questions regarding the upcoming program should be directed to the Concrete Utility, 303-762-2360 or concreteutility@englewoodgov.org.
**CITY RADIO SYSTEM-REPLACEMENT WITH PUSH TO TALK**
The Servicenter Garage continues to remove old radios from vehicles as they are being serviced.

**STREET MAINTENANCE PROJECTS 2012**
Staff presented a long range Street Maintenance Plan at the February 13th Study Session, and is preparing specifications for contract Crack Sealing.
Streets Division staff will be pouring cracks and cutting/patching asphalt as weather allows.
Ice cutting at problem areas continues as time and manpower are available.

**CITYCENTER SITE DEVELOPMENT**
*Alexan East and West Parcels*
438 residential units. Alexan’s occupancy level for September, 2011 is 94.8%. AIR QUALITY/ENERGY SAVING PROJECTS

**Flex Fuel Program**
Currently, 33 of our fleet vehicles are running on E-85 ethanol fuel. All new replacement vehicles (less than 3/4 ton) will be compatible with E-85. Approximately 50 Flex Fuel vehicles will be in our fleet within two years. Currently, the cost of E-85 fuel is approx. $0.55 per gallon less than regular unleaded gasoline. Thirteen of our fleet vehicles run on Compressed Natural Gas (CNG).

**Hybrid Vehicle Purchase**
The City of Englewood applied for a grant through the Regional Air Quality Commission for funding of hybrid vehicle technology. Two units have met the replacement criteria for 2011 and will be replaced with Ford Escape hybrid vehicles. One of the hybrid vehicles has been received and will be utilized by the Fire Department. The other hybrid was delivered and will be used by the Building Division. The total cost of these vehicles is within the budgeted replacement amount designated for these units, and if the grant is successful, the additional cost of the hybrid technology will be deposited back into the CERF fund.

**“Green” Programs**
We continue to work with our vendors to expand the Green product line as it becomes available. 90% of our custodial paper supplies are from recycled sources. The Servicenter is now “single-streaming” waste at the Servicenter and a dumpster has been supplied for *cardboard only* recycling.

**Energy Saving Projects**
In 2001, the Public Works Traffic Division began an ongoing program to convert traffic signals from incandescent lamps to Light-Emitting-Diode (LED) bulbs. To date, 80% of our City maintained signals have been converted. LED traffic signals use 90% less energy than incandescent lamps, last 5 times longer, and provide better visibility.

**Electric Vehicle Charging Stations**
Staff discussed a potential grant to install charging stations at the Study Session on May 23rd. The joint application has been submitted to the Department of Energy. We have received word that the grant has been approved.
CITY RADIO SYSTEM-REPLACEMENT WITH PUSH TO TALK
The Servicenter Garage continues to remove old radios from vehicles as they are being serviced.

Discussion of Proposed Plan Document Amendments:

The Board reviewed the list of thirteen amendments and noted that amendments nine and eleven have been approved by the Board and City Council.

The Board agreed that the October 1, 2011 date shown in the amendments will be changed to the date the City Council approves the amendments.

a. Mortality Table Amendments

Ms. Hunt and Ms. Brauer outlined the basis for amending the 1983 Mortality Tables to the 1994 Mortality Tables. There is precedence for updating the mortality tables by prior amendment to the mortality tables.

The Board discussed the use of seven and one half percent as the interest rate, its purpose was clarified and the percentage is based on the long-term nature of Plan investments.

MR. GRYGLEWICZ MOVED TO APPROVE AMENDMENTS TO SECTIONS 3-4-2-2.3.a AND b AND 3-4-18-3 USING THE 1994 MORTALITY TABLE TO MAKE THE PLAN CONSISTENT WITH ACTUARIAL STANDARDS. MR. PATEL SECONDED.
The motion carried.

b. Beneficiary Amendments

The Board reviewed proposed amendments numbered two through eight that are intended to clarify a member's ability to name a non-spouse beneficiary for the pre-retirement death benefit. For married members it is necessary for the spouse to consent to the non-spousal beneficiary for the death benefits.

MR. GRYGLEWICZ MOVED TO APPROVE AMENDMENTS TO SECTIONS 3-4-7-5, 3-4-8-1, 3-4-8-7, 3-4-9-1, 3-4-9-2, 3-4-9-3 and 3-4-9-5 TO CLARIFY THE LANGUAGE ALLOWING A MEMBER, DEFERRED VESTED MEMBER OR DISABLED MEMBER TO DESIGNATE THEIR BENEFICIARY OF CHOICE AND REQUIRE SPOUSAL WAIVER IF MARRIED. MR. WOODWARD SECONDED.

The motion carried.

Ms. Brauer explained the amendment to change the wording “Accrued Pension” to “Accrued Benefit” is necessary because Accrued Pension is not defined in the Plan document. She said the wording change from Accrued Pension to Accrued Benefit in section 3-4-14-2 is needed to facilitate changes to the actuarial assumptions. The purpose of the amendment is to eliminate any ambiguous language, state there is a protected benefit for all members of the Plan and clarify that the normal form of benefit is ten year certain and lifetime. The alternate forms of payments may fluctuate in value based on the actuarial assumptions, but every member’s benefit is equal to the ten year certain and lifetime benefit and this normal form of benefit will not be reduced due to changes of actuarial assumptions. Ms. Hunt agreed with the change because the term Accrued Pension is not defined and the change is consistent with the way the Plan has historically been administered. Ms. Hunt said it is a good housekeeping amendment to adopt.

MR. GRYGLEWICZ MOVED TO APPROVE AN AMENDMENT TO SECTION 3-4-14-2 REPLACING THE TERM “ACCRUED PENSION” TO “ACCRUED BENEFIT.” MR. PATEL SECONDED.

The motion carried.

The Board reviewed amendment number ten. It is intended to clarify rules for members rejoining the Plan after transferring money to the money purchase plan. Members rejoining the Plan will not be allowed to transfer or repay the funds from the defined contribution plan to purchase service credits. All members who rejoin the Plan after a break in service and receive a distribution of their accrued cash value of benefit begin accruing service credits from the point they reenter the Plan. Members rejoining after a period of more than five years since leaving the NERP are required to vest by earning five years of service credits from the point the member rejoins the Plan. Members returning to the Plan with less than a five year break are not required to start the five year vesting requirement again.

MR. GRYGLEWICZ MOVED TO APPROVE AN AMENDMENT TO SECTION 3-4-18-2 DEFINING A MEMBER WILL NOT REPAY PREVIOUSLY DISTRIBUTED FUNDS UPON REJOINING THE PLAN AFTER A BREAK OF FIVE YEARS AND WILL BEGIN ACCRUING SERVICE CREDITS AT THE POINT OF RE-ENTRY TO THE PLAN. IF THE BREAK OF PLAN PARTICIPATION IS MORE THAN FIVE YEARS, THE MEMBER WILL BE REQUIRED TO COMPLETE A FIVE YEAR VESTING PERIOD TO RECEIVE BENEFITS AT RETIREMENT FROM THE NERP. MR. WOODWARD SECONDED.

NonEmergency Employees Retirement Board Meeting

2 of 6
The motion carried.

i. Beneficiary change form discussion

Ms. Wescoat explained that the Board had discussed the revised beneficiary form prepared by Ms. Brauer at the last meeting. The Board has not approved the new form. The Board agreed to postpone approving a revised beneficiary form until all amendments related to employee contributions are completed.

c. Mandatory Employee Three Percent Contribution Issues

The Board discussed issues related to requiring a three percent employee contribution to the Plan.

Ms. Brauer reviewed the issues listed in the memo that must be considered when setting rules for the Plan when requiring a three percent employee contribution.

Definition of Compensation. The Board reviewed the definition of compensation to determine if changes are required. Mr. Hagan stated that the definition should be the same as what is currently used for benefit calculations. Ms. Hunt said it is consistent with what is used for benefit calculations. Ms. Wescoat clarified that examples considered “extra pay”, include standby pay, premium pay, and call back pay. The various forms of pay are subject to being renamed by Human Resources, but will not change their status as “extra pay.” The base pay includes only what is paid for a typical 40 hour work week.

Ms. Brauer asked for clarification if the contribution would apply to each payroll period or does it apply to the calendar year compensation because there might be variations. Payroll is scheduled every two weeks. Ms. Wescoat requested that the Plan specify retro pay be only for the 36 consecutive months used for the benefit calculation. Any retro pay for prior years shall not be included for the benefit calculation to prevent inflating compensation for the year.

Interest Rate. The Board must determine if interest will be paid on mandatory contributions when an employee leaves employment prior to vesting. If interest is paid, will the rate vary from year-to-year or be fixed.

Ms. Wescoat suggested a fixed interest rate be set because a variable rate will be very complicated to track in the payroll system.

Ms. Hunt said it is unusual to not provide some minimal interest rate, however there are counties that have provided a generous interest rate but they are reducing the rate. Since the contributions are mandatory it provides an employee some return given the Plan has held the money for a period of time. This will generally only affect people with less than five years of service. Ms. Hunt said the rate should be defined, but it is possible to change the rate. Discussion ensued relating to other circumstances that would be considered involving a calculated interest return to insure that the benefit the recipient receives is more than the accumulated contributions plus interest.

Tax Law Requirements for Pre-Tax Contributions. Ms. Brauer would like the contributions to be considered as “pickup” contributions to allow the contributions to be on a pre-tax basis. She requested confirmation that the optional NonEmergency Employee Money Purchase Plan (NEMP) has the same three percent employee contribution rate. Ms. Brauer’s concern is providing employees a choice of two plans, one with a mandatory contribution and one without. Her concern is the IRS may see that choice as saying the Plan’s contribution is not mandatory and will not allow the pickup contribution to be pre-tax. Ms. Wescoat confirmed the current mandatory contribution rate to the NEMP is three percent. Ms. Brauer suggested the Board be aware that although current contribution rates will be the same for the NERP and the NEMP, if one Plan makes changes in the future, the IRS may determine that it no longer is a mandatory contribution and would not allow it to be a pickup provision.
Ms. Wescoat said that at the point when the NEMP became an option for NERP employees, the NEMP had a three percent mandatory employee contribution and the NERP none. Since that time the two Plans contributions have differed. Ms. Brauer commented that adding the employee contribution will bring, parity to the Plans.

Death Benefits. Ms. Brauer queried the Board if the Plan will guarantee if the minimum accumulation of the contributions and interest, if any, will exceed total benefits paid to the recipient. Discussion followed indicating that in the scenario where benefits paid are less than accumulated contributions and interest; a lump sum is typically distributed to the estate to compensate for the difference. Ms. Brauer also asked the Board to determine if amounts will be paid in a lump sum to make up the difference or if it will be paid over a period of time.

Additional discussions followed regarding the forms that may be necessary to clarify the beneficiary of the accumulated contributions.

Payment Options Upon Termination of Employment. Ms. Brauer reviewed the option of providing a refund of contributions for employees who do not vest.

Ms. Wescoat commented about the need to be flexible on the Plan’s required date for disbursement of contributions to a former employee. She gave an example of a former employee who terminated employment during March 2011 and is still in the process of applying for long term disability. Ms. Brauer said there will be more discussions regarding long term disability issues as it relates to the Plan.

Ms. Brauer requested the Board determine if vested employees will be able to withdraw contributions and forego benefits from the Plan.

Timing of payment of lump sum payouts. Ms. Brauer explained the distribution variables when contribution amounts exceed $1,000 or $5,000 and the required guidelines according to federal law that may be necessary to consider for distribution and the likelihood that forms must be created for processing the distribution. If the Plan requires distribution of amounts less than $5,000, the Plan must provide for a rollover to an IRA with specific types of investments. Ms. Brauer said if the Board requires distribution of amounts less than $1,000, there is no requirement to provide IRA rollover accounts. The member is allowed to request the funds go to an IRA Rollover, but the required action typically is only for non-responsive, non-vested Members. If a member has more than the minimum amount subject to IRA rollover, albeit $1,000 or $5,000 and the member does not respond, the Plan must maintain the contributions until the Members Normal Retirement Age.

Chairperson Bowman said the items will be added to the next agenda for consideration. Ms. Wescoat requested instructions as to what will be necessary to aid the discussion at the next meeting. Mr. Brotzman said that proposed language be prepared to aid the Board with approving the changes. Ms. Brauer suggested that it would be very confusing to provide optional blanks for each variable.

Mr. Moore inquired what issues the Board is undecided on the list and needs additional time to make decisions. He suggested agreeing to the issues that can be determined to allow the process to move forward. He suggested that the definition of compensation was right because it is tied to what the benefit calculation uses. On number two, regarding a rate of interest on contributions to be refunded, he thinks it should be a required at a fixed rate of three and one-half percent. Discussion related to when the Member makes the election of the NERP or NEMP their ability to leave the Plan during employment and the qualifying circumstances according the Plan document. The Board discussed the issues.

The Board agreed to a fixed interest rate of three and one-half percent on the refund of contributions and no refund of contribution after vesting unless otherwise provided for in the Plan; an example would be as a lump sum death benefit. The members or beneficiaries will receive, at a minimum, the total contributions back in the form of benefit payments.

Ms. Wescoat asked for a clear definition of what Ms. Brauer should be drafting for the timing of the distributions of the non-vested contributions equal to $1,000 or less. Ms. Brauer said the language will attempt to provide flexibility with the administration of the distribution.
Discussion will continue at the next Board meeting regarding the effect of the employee contributions on disabled members and what amendments may be necessary.

Mr. Brotzman, and Ms. Brauer left at 4:15 p.m.

Innovest Portfolio Solutions, LLC

Mr. Huggins reviewed the performance of the funds for the quarter. He also reviewed individual fund activities, including any funds that are of concern or will be subject to additional scrutiny. The customized benchmark for the quarter and the overall fund return for the year to date were reviewed.

The Board had not requested a product search for an emerging market equity fund. Innovest recommended dedicating three percent of the current twelve percent allocation to international funds to emerging markets. This change will not impact asset classes.

Mr. Tewell presented the results of an analysis of three emerging market funds for the Board’s consideration. The funds presented for consideration are Virtus Emerging markets Opportunity Fund, Wells Fargo Advantage Emerging Markets Equity, Dimensional Fund Advisors Emerging Markets. Innovest recommends Virtus Emerging Markets Opportunity Fund as a good fit for the allocation.

The Board discussed the recommendation by Innovest.

MR. MOORE MOVED TO APPROVE TRANSFERRING THREE PERCENT OF THE TWELVE PERCENT INTERNATIONAL FUNDS ALLOCATION TO VIRTUS EMERGING MARKETS OPPORTUNITY FUND. MR. GRYGLEWICZ SECONDED.

Discussion of Board Members’ Term Limitations

Chairperson Bowman stated the voter approved initiative requires term limits be restricted to three terms for Board Members. He was appointed by City Council in 1985 and his current term expires January 31, 2012. He has completed many more than three terms.

The Board discussed possible guidance that may be coming from the City Attorney’s office.
Chairperson Bowman determined that he will not apply for another term.

The Board thanked Chairperson Bowman for his knowledge and dedicated service to the Board.

Member’s Choice

I. Call to Order

The regular monthly meeting of the City of Englewood Cultural Arts Commission was called to order at 5:45pm by Chairperson Bertoluzzi at the City Council Conference Room at the Civic Center building, 1000 Englewood Parkway.

Present: Eric Bertoluzzi, Chairperson
Donna Schnitzer, Vice Chairperson
Kristy Reed, Commission Member
Maggie Stewart, Commission Member
Jerrell Black, ex officio

Absent: Heather Bartunek, Commission Member
Tamara Emmanuel, Commission Member
Karen Kenney, Commission Member
Jill Wilson, City Council Liaison
Kate Dulaney, Commission Member
Mary Lynn Baird, Englewood School District Liaison

Also Present: Joe Sack, Recreation Manager

II. Review of Agenda

Bertoluzzi asked if there were any changes to the agenda. There were none.

III. Approval of Minutes

Bertoluzzi asked if there were any changes to the minutes of December 7, 2011. There were none. The minutes were approved as presented.

IV. Introduction of Guests

There were no guests present.

V. New Business

In regard to the Kent Place development at University Blvd. and Hampden Avenue, Black told the Commission that as part of the development, the developer is required to put in a piece of art. Black explained to the Commission that as with other pieces of art that have been installed under the same circumstances, Community Development oversees the process that includes forming a selection committee. Commission members were told that the selection committee is comprised of a representative from the Cultural Arts Commission in addition to representatives from Community Development, Public Works, City Council and MOA. Black reported that it is his understanding that the Kent Place project has been stopped temporarily. The Commission was told that more information would be available at the February meeting. Regarding the appointment of a Commission member to the Selection
Committee, it was decided to postpone the selection until the February meeting when more members would be present.

Black reported that at last month’s meeting, Commission Member Emmanuel had requested that the Cultural Arts Commission budget be placed on this month’s agenda for discussion. Black explained that he has spoken to Emmanuel and what she wanted to discuss was the One Percent Art Fund and how the One Percent Fund works. Black stated that one percent of capital projects is set aside in a fund that is used for the purchase and maintenance of art. Black explained that some City projects are excluded from the program. Commission members were told that the fund has received as much as $14,000 in a year when the economy was good. In regard to the current balance, the Commission was told that there is $43,004 in the fund and that $2,701 will be added in 2012, making it $45,705. Discussion followed in regard to which City projects qualify for the one percent fund.

V. Old Business

The Commission was told that staff is continuing to collect information for a projector and screen for Hampden Hall but that it has now become a more complicated project than just a projector screen and sound equipment. Schnitzer stated that at last month’s meeting, Commission Member Stewart brought up the Library cutting from their budget funding for a license to show movies. Sack explained that there are a number of licenses that allow for movies and music to be played and that the City has a license for the movies shown at the Malley Center. Discussion followed. Black asked if it is separate from the rights paid for the Summer Drama production. Sack replied yes.

In regard to cataloguing of art, Sack reported that at last month’s meeting, MOA Representative Tim Vacca provided information on several options for cataloguing art. Sack explained that it looks like the best option is a very simple, low cost way that involves creating an Excel spreadsheet that can also be linked to photographs. The Commission was told that it can be a spring project and that they can get more detail from Vacca as per categories for the spreadsheet.

VII. Committee Reports

Bertoluzzi announced that there will be an Englewood Arts concert, *The Aldea Piano Trio*, on January 28th. Bertoluzzi noted that the Englewood Arts concerts are going well.

Schnitzer reported that there was not a Parks and Recreation Commission meeting in December.

VIII. Upcoming Events

The only upcoming event discussed was the Englewood Art concert, “The Aldea Piano Trio”.

IX. Director’s Choice

Black informed the Commission that he has been asked to serve on Englewood Schools’ Design Advisory Committee for the new High School and Middle School. Black stated
that the meetings are held bi-weekly through June on Wednesdays which may cause him to miss several upcoming Commission meetings.

X. Commission Member's Choice

Sack announced that the 2012 Fitness Challenge has begun. The Commission was told that the Fitness Challenge is comprised of an eleven week program where the participant needs to come to the Englewood Recreation Center a minimum of three times a week to work out to be eligible for a weekly prize drawing. Sack reported that if the participant comes at least ten weeks out of the eleven, they will be entered in the grand prize drawing. Sack reported that there are just close to 500 participants registered for the program.

XI. Adjournment

The meeting was adjourned at 6:15pm.

The motion carried 4 to 1.

**III. PUBLIC COMMENT**

There was no public in attendance.

**IV. COMMENTS**

**CHAMBER OF COMMERCE**

Ms. Mello said the next After Hours event will be held next Tuesday at Solid Grounds coffee shop from 5 to 7. The Awards Gala will be held in March and the Chamber is working on bringing the car show back this summer.

She stated the Chamber would like to do a Farmer’s Market this summer in conjunction with the Sounds of Summer.

The Chamber is working a business to put a program together to Shop Englewood. Businesses would promote in their stores. Mr. Jefferson noted City Council has talked about a buy local campaign also. At the last Mayor’s meeting a business owners asked about obtaining a list of businesses in several blocks and highlight them in the *Englewood Citizen* so the citizens know what business are located where in the City.

**BID COMMENTS**

Mr. Schalk said the BiD had a meeting yesterday and there is another meeting scheduled for next Wednesday to elect officers.
STAFF COMMENTS

Mr. Hollingsworth said City Council will review the applications for new members to the boards, commissions and authorities later this month. ACE will elect officers at the February meeting.

CITY COUNCIL COMMENTS

Mr. Jefferson updated the group on City Council activities:

1. Goal setting meeting on January 30th.
2. The King Soopers redevelopment at Belleview and Federal asked for some incentives from the City. The City approved in the amount of approximately $500,000 over several years.
3. The people who have the Martin Plastics property under contract approached the City looking to do a Transit Oriented Development; residential with some commercial. They have not brought forth a proposal to date.

Mr. Schalk stated the new Walmart is impressive. He said that is going to squeeze the King Soopers on Broadway pretty heavily. He asked if the Broadway location was on its way with the new store opening at University and Hampden. Mr. Jefferson noted that store is a totally different concept. Mr. Weinberger asked about the time line for Kent Place. Director White said the plans have been turned in. They are hoping to open late this year.

ACE COMMENTS

Mr. Weinberger stated he did not think the ACE Strategic Plan was a bad exercise, but agrees with Mr. Schalk to move the top priorities forward sooner rather than later.

Vice Chair Knoth stated he is a little disappointed the group voted to change the ACE Strategic Plan strategy.

Gomes asked if there were any changes or corrections to the minutes of December 8, 2011. There were none. The minutes were approved as presented.

III. Scheduled Public Comment

There were no guests present for Scheduled Public Comment.

IV. Unscheduled Public Comment

There were no guests present for Unscheduled Public Comment.

IV. Park Dedication Standard and Fee-in-Lieu

Director of Community Development, Alan White, discussed with the Commission the current Park Dedication Standards and Fee in Lieu of Dedication requirements for the City of Englewood and the impact these requirements may have on several development projects that may be forthcoming. White told the Board that he is looking for a recommendation from both the Planning and Zoning Commission and the Parks and Recreation Commission to formulate a recommendation he can take to Council. Discussion followed regarding the City's current Park Dedication Standard and Fees in Lieu of Dedication.
Following discussion,

A motion was made by Commission Member Armstrong and seconded by Vice Chairperson Waldman requesting the Director of Community Development, Alan White, come back to the Commission with a recommendation that will include consideration of several basic concepts that will not stop development but still addressed the impact to parks. The recommendation should include the consideration of:

1. Acknowledge the impacts of development on parks and consider public parks and open spaces
2. Requirements should result in the City remaining a green community.
3. Establish better parameters for enforcing and waiving the dedication requirement or cash-in-lieu payment.
4. Consider giving credit for on-site, owner-maintained facilities.

Ayes: Gomes, Waldman, Armstrong, Tucker
Nayes: None

Motion passed.

VI. Kent Place Art

Director Black told the Commission that a Selection Committee is being formed for the selection of a piece of art for the Kent Place development. Black reported that the Selection Committee will include two City Council members, one Cultural Arts Commission member, two neighborhood representatives, one representative from the development and one representative from MOA. White explained that as part of the PUD for the development, the developer is responsible for installing a piece of City appropriate art. White noted that there is no guidance on the art to be selected. White went on to explain that the developer came up with the idea to have a committee and has hired a curator to work with the committee and the process. Commission Member Schnitzer asked in regard to the budget for the piece of art. White replied that the developer is responsible for the funding for the piece of art. Recreation Manager Joe Sack asked in regard to maintenance. White responded that the developer is also responsible for the maintenance and installation of the art.

VII. Board and Commission Terms

Black updated commission member on the implementation of Ballot 2C – Term Limits. Black distributed a copy of the email that was sent to commission members on November 26, 2011, and reported that City Council has determined that when a current member’s term ends, if that is the third term, the member may not be reappointed to that same Board or Commission. The Commission was also told that if the member serves more than half of a term, it shall be considered a full term for purposes of the Term Limit Ordinance. Black noted that a Board Member can serve out the current term if they are term limited. The Board was also informed that per requirement of the ballot issue, Mayor Woodward has resigned from Commission and is filling in for City Council McCaslin at tonight’s meeting.
VIII. Duncan Park Redevelopment

Black announced that the City has taken possession of Duncan Park. Black stated that utilities have been transferred over to the City and Parks and Recreation is now responsible for the maintenance of the building and will be going in and checking it three times per week. Commission members were also told that the police will be doing ride by’s to check on the facility. Black reported that the City has contracted with an environmental firm to do a study. The Commission was told that per a commitment with GOCO, the City is required to take the building down. Staff reported that there have been requests that some of the bricks from the building be used for walkways, etc, and possibly be available for people to take for themselves. Black reported that it has also been requested that the steel beams be re-used. In regard to the bricks, commission members were informed that it is very expensive to clean them and the steel beams would need to be re-engineered and certified. The Commission was told that after the building is taken down, sod and irrigation will be put in so that there is a park area for the neighborhood. Discussion followed.

IX. Cultural Arts Commission Update

An update was given on the December and January Cultural Arts Commission meetings. Schnitzer reported that the Commission is researching options to catalogue the art in Englewood. Woodward spoke in regard to a piece of art that was presented to City Council that in return was given to the Cultural Arts Commission for its determination of where it should be placed. Black reported that the Commission has discussed it at the January meeting but due to a limited number of members present at the meeting, it has been pushed back to February. Discussion followed.

X. Director’s Choice

Black updated commission members on a recent meeting that he and Recreation Manager Joe Sack had with Englewood School’s Superintendent, Brian Ewert. Black stated that it was an extremely productive meeting where Mr. Ewert discussed where the Schools are at and what its future needs are. The Commission was told that one of the things that Mr. Ewert spoke about was the Englewood High School pool. Commission members were told that an analysis showed that there are a number of repairs needed and the cost for the repairs was going to be substantially higher than anticipated. Black said that Mr. Ewert asked in regard to the Parks and Recreation’s needs of the high school pool in which he told him that the Department has no interest or need. Black spoke in regard to partnering with the Schools on several projects including gymnasium and field space. Black discussed the Schools plans to build a small gymnasium at the Middle School and the City trying to secure funding through a grant so that it can partner with Englewood Schools to build a larger gymnasium. Black also spoke in regard to the need for multi-use fields and the possibility of some land becoming available through the closing of the Alternative High School. Black explained that by extending Baker Park, an larger athletic field could be put in. Black told the Commission that that he was very pleased to be given the opportunity to have the discussion with Mr. Ewert and hopes that there will be more down the road.

Black stated that he has been selected to serve on the Design Committee that consists of 25 to 30 people. Black commended the School Board and Mr. Ewert for including everyone in the process such as business people and parents.
As previously announced, Black informed the Commission that Woodward has resigned from the Commission. Woodward was presented a gift on behalf of the Commission and was told that he was a great asset that brought vision and opportunity to the Board. Woodward was told that he would be truly missed. Woodward thanked the Commission and stated that it was truly going to miss the Commission. Commission members thanked Woodward for everything he has done for the Commission.

XI. Commission Members Choice

Sack informed the Commission that the Annual Fitness Challenge has begun. Sack stated that staff was somewhat disappointed in the initial turnout but that numbers are starting to pick up and are now close to 350 people. Discussion followed in regard to details of the program. Sack noted that the grand prize for the program is an annual pass to the Rec Center.

Commission Member Armstrong asked in regard to the Flat 14er program and if the Department is participating in it. Sack told Armstrong that the City is partnering with Englewood Schools. Sack explained that Centennial Park has been selected as the Flat 14er in the parks system and is currently being designed for the program with signs and information and should be completed by the end of the month.

Vice Chairperson Waldman asked staff about racquetball court #1 at the Rec Center. Sack reported that the court will be renovated during annual maintenance in August.

XII. Adjournment

The meeting was adjourned at 7:05pm.
