Upcoming Council Meetings
There is no meeting scheduled for **Monday, April 30, 2012**.

City Council will meet on **Monday, May 7, 2012**. The Study Session will begin at 6:00 p.m. in the Community Room. The Regular Meeting will begin at 7:30 p.m. in Council Chambers.

The Citizen of the Year Celebration at the Malley Center is scheduled for **Monday, May 14, 2012**.

**Informative Memoranda**
The following are memoranda in response to City Council's requests, as well as other informational items.

2. Articles from *YourHub.com* entitled “Trees planted along South Platte a legacy to preservation efforts” and “One Book 4 Colorado Celebration.”
3. Article from *The Villager* concerning Ted’s Clothiers.
4. Flyer concerning expired prescription/over the counter medication disposal and locations on Saturday, April 28, 2012.
5. E-mail concerning water main repair on Acoma and Englewood Parkway.
6. E-mail concerning HB 12 – 1161.
7. Invitation from the Englewood Schools concerning the last swim meet on May 3rd.
8. Memorandum and article from the *Denver Business Journal* concerning the redevelopment at King Soopers at Federal Blvd. and Belleview Avenue.
9. Memorandum concerning the Project Update.
10. Calendar of Events.
11. Tentative Study Session Topics.

Trees planted along South Platte a legacy to preservation efforts

By Clayton Woolard
YourHub Reporter

Beverly Bradford, who is retiring as chair of the South Suburban Park Foundation, said many years ago people would use the banks of the South Platte River from Denver proper to what's now Chatfield as their dumping grounds, and it was a mess.

Now, thanks in part to her efforts on the foundation board and as mayor of Englewood, much of the river in the area has been cleaned up and lined with bike trails and trees.

On Saturday, South Suburban Parks and Recreation District honored Bradshaw by planting a tree in her name where the Big Dry Creek Trail and South Platte River meet. Earlier in the morning, volunteers planted more than 200 trees along the Mary Carter Greenway Trail, named after the former mayor of Bow Mar, also instrumental in expanding the trail system in the area.

"I love it. I was planning on putting this in my will to build one, but (now) I don't have to," Bradford said, referring to the tree and marker.

Volunteers from Englewood, the south metro area, different organizations and students from Metropolitan State University of Denver planted about 220 trees along the newest section of the trail from Prince Street to the Big Dry Creek Trail that was completed in October. The trees are a mix of evergreens, Cottonwoods, elders, chokecherries, American plums and several others. The planting was in celebration of Earth Day and Arbor Day. The trees were planted with a $100,000 grant from Urban Waters Small Grants.

"Trees make a park or trail, and the volunteers who come down here in 10, 15 or 20 years are going to have a different experience," said David Lorenz, executive director of South Suburban Parks and Recreation District.

Ashley Trujillo, a human services major at Metro State, was volunteering with the little "sister" she mentors as part of the Big Brothers Big Sisters program.

"It'll be nice to come back in a few years and see these trees grown up," Trujillo said. "I think it was good because we both got a shared experience of giving back to the community."

Ben Rickenbacker, with South Suburban's forestry department, said the trees will be about two-thirds mature in 20 years.

Another volunteer, Metro State student Matthew Meyer, noted the significance of planting the trees.

"Trees are symbolic of promoting new life, taking care of the earth instead of just destroying it," he said.
Saturday

One Book 4 Colorado Celebration.

Join the Library for a special One Book 4 Colorado family celebration with Boulder's Mary Sue and Cari as they chase away Old Man Winter. Bunker the Fire Safety Clown and Denver Pet Partners will be on hand to help make sure all 4-year-olds who attend get a free book to take home. The event will take place at 11 a.m. at Englewood Public Library, 1000 Englewood Parkway. For more information on the free event, call 303-762-2560.
Who inspired you or what got you interested in fashion?
In my line of work, you have to dress smart without being too trendy.

Do you have a fashion icon?
Who?
Ralph Lauren

Favorite designer?
Ralph Lauren

How would you describe your style? Favorite color?
Business casual/blue

Does your career influence your style?
Yes, but I wish I could report and anchor in sweats.

Where do you like to shop? Especially locally?
Ted's Clothiers in Englewood

Have you ever had a stylist or personal shopper?
No

What is your most comfortable ensemble when you don't have an audience?
Athletic shorts and a T-shirt

What would readers be surprised to know about you?
I wear a different wristwatch every day (none is very expensive, I just like watches). I'd rather go camping in jeans than go out to dinner in a suit.
Got Drugs?

Turn in your unused or expired household prescription/over-the-counter medication for safe disposal

Saturday-April 28, 2012
10:00 AM to 2:00 PM

For the disposal location closest to you:

Subject: Water main repair at Acoma and Englewood Pkwy.

On Sunday the 29th of April the Utilities Dept. will be repairing a water main break on the north west corner of S. Acoma St. @ W. Englewood Pkwy. The west bound lanes of Englewood Pkwy will be reduced to one lane to accommodate a truck from WL Contractors to hold the traffic light pole. The excavation will be from the north edge of the Parkway north into the handicap ramp of the sidewalk possible all the way to the fire hydrant. We will be starting around 6:00am and working until the job is completed. The hole will be filled with road base until it can be patched with Asphalt. Please call me at if there are any questions.

Subject: Another Example of Mixed Reaction to Nutrients

Here is an article summary on the position of the Pueblo Water Board in opposition to H-1161

Water board opposes standards delay

PUEBLO CHIEFTAIN - April 23, 2012 -

Legislation that would delay state standards for nutrients in wastewater discharges could add costs to treating drinking water. So the Pueblo Board of Water Works broke ranks with the Colorado Water Congress and the city of Pueblo Tuesday and voted 5-0 to oppose HB1161. The bill has cleared committee and is awaiting action by the state House of Representatives.

The bill would suspend rules adopted by the Colorado Water Quality Control Commission last month for review by the legislative Water Resources Committee later this year. A recommendation to the commission would be made by Nov. 1. The rules tightened criteria for phosphates and nitrogen in releases of treated wastewater into streams. The city of Pueblo opposed the tighter standards because of the expense of meeting them.

The Colorado Water Congress represents broad interests, many of which operate both drinking water and wastewater systems, explained Paul Fanning, legislative liaison for the water board. “It’s cheaper for drinking water providers to treat it than for dischargers,” he told the board.

Using political means to answer scientific questions could risk federal Environmental Protection Agency intervention in Colorado water quality regulations, Fanning said. “Although Water Congress voted to support this bill, we are concerned that it makes what has traditionally been a matter of science-based regulatory activity subject to a political legislative process,” Fanning said in a written report.
Dear Englewood City Council,

We are hosting our last swim meet on Thursday, May 3, 2012. The Englewood School District voted mid-February to shut down our swimming pool as part of the new 6-12 campus. The pool is slated for demolition beginning June 8th.

We sincerely hope you will join us for our last meet! We have invited you, along with the news media, the Mayor of Englewood, State Legislators and Senators, Colorado US Senators and US Congressmen, former coaches and, of course, as many alumni swimmers and divers as we could contact.

The Englewood Pool was completed in 1967. It has hosted both boys and girls teams nearly every year. We have sent numerous swimmers & divers to state competitions, and hosted so many big meets, we have lost count. The Englewood Pool is home not only to the High School teams, but Saint Mary’s Academy, several Triathlete groups and ACES, an age-group club team that has had such swimmers as Amy Vandyken and Matt Dillion. This is a loss not only for the Englewood community, but to the larger Denver area swim community as well.

Hoping to see you at this sad, but historic event! Please feel free to contact me, Tracey Lonn, at 303-806-2361 or via email:

Sincerely,

Tracey Lonn, B.A., M.Ed.
Head Coach Girls Swim & Dive Team
AP Spanish Teacher
Link Crew Co-coordinator
Englewood High School
You are cordially invited to the final swim meet the Englewood Swim Teams will be hosting on Friday, May 4th at 4pm. This is the last event at our EHS pool before its closure and demolition this summer. Please do not miss this historic event.

Questions? Email

Looking forward to seeing you there!

Englewood High School 3800 S Logan St. Englewood, CO 80113
Memorandum

City Manager's Office

TO: Mayor Penn and Members of City Council

THROUGH: Gary Sears, City Manager
          Mike Flaherty, Deputy City Manager

FROM: Darren Hollingsworth, Economic Development Manager

DATE: April 26, 2012

SUBJECT: King Soopers – Notice of Closure

The King Soopers at Federal and Belleview is set to close on Saturday, May 5. When King Soopers presented information to City Council about the redevelopment of the site their representatives indicated that efforts would be made to notify nearby residents and customers about the store closure.
New King Soopers to replace old

In a deal a broker worked for almost five years, the King Soopers at Belleview Avenue and South Federal Boulevard will be razed and replaced with a bigger store, drive-through pharmacy and pad gas station, according to CBRE Group Inc.

The store at Centennial Shopping Center, 5050 S. Federal Blvd., Englewood, is one of the oldest King Soopers in metro Denver, said Matthew DeBartolomeis, CBRE vice president, who represented owner John Buckley.

Kroger Co. (NYSE: KR), parent of Colorado's King Soopers and City Market grocery chains, plans to start demolition in June. The new, 78,000-square-foot store should be ready by the first quarter of 2013. Project estimates stand at $15 million.

"This is something that's been on Kroger's radar screen, and something they've wanted to do, but we could never come to terms with both sides," DeBartolomeis said. "This is one of those old, funky stores that had retail wrapped around it."
MEMORANDUM

TO: Gary Sears, City Manager

THROUGH: Rick Kahm, Director of Public Works

FROM: David Henderson, Engineering/Capital Projects Administrator

DATE: April 25, 2012

WATER LINE REPAIR-ENGLEWOOD PARKWAY/ACOMA
Englewood Utilities Department will be repairing a fire hydrant water line at the northwest corner of Englewood Parkway and Acoma St. The repair is being performed this Sunday and will require restricting westbound Parkway traffic to one lane. The repair is very close to the traffic signal. WL Contractors will be on site with equipment to stabilize the signal pole during the repair.

DENVER WATER PROJECTS (CONDUIT 13 REHABILITATION)

Vault Repair at Quincy/Broadway
The Denver Water Department’s contractor, Concrete Works of Colorado, completed patching asphalt and re-opened Quincy Ave. The contractor will be placing a final lift of asphalt and re-installing crosswalks. Work inside the vault will continue, without affecting traffic, until around the first of May.

DUNCAN PARK PLANNING AND DESIGN
Environmental remediation and demolition of the old school building is scheduled to begin on April 30th. The perimeter of the work area will be fenced early next week, followed by environmental work. Demolition of the building is tentatively scheduled to begin on May 8th and the project should be complete around the middle of May.

PIRATES COVE PROJECTS
The following maintenance and repair projects will be completed before the pool opens on May 26th:
Competition Pool Resurfacing; Lazy River Painting; Concrete Repairs; Bucket Repair and Painting; and Play Structure/Panel Restoration in the Leisure Pool.

CENTENNIAL PARK TRAIL LOOP PROJECT
A contract has been awarded to Standard Concrete, Inc. of Denver, CO for improvements to the loop trail including removing the asphalt and replacing it with a 10-ft. wide concrete path. Plans are to close one-half of the path at a time, maintaining some access to the trail for users. Additionally, landscaping will be addressed around the small pond on the Centennial side. Further improvements will also be made regarding the fishing access along the lake, providing for ADA accessibility. Along the bank, plans are to create shoreline stability; and a new ADA accessible bridge will replace the existing one near the fishing side. This project should start in May and take approximately three months to complete.
KENT PLACE
The developer has selected Mark Young Construction, Inc. as the contractor for both onsite and offsite work. Permits have been issued for all of the off-site work, along with grading and retaining wall work on-site. Continuum Partners and Regency Centers Corporation are supplying bi-weekly project information. A link to this information is available on the City’s web site:

The contractor, Mark Young Construction, Inc., continued working on parking lot construction (curb/gutter and lighting). Parking lot paving is underway. Sidewalk and ramp construction on the east side of University is scheduled to begin soon. Traffic signal activation process will follow with full signal operation expected by mid May.

Colorado Structures Inc., continued foundation work for the “Fresh Fare by King Soopers”. Xcel continued installing their utilities.

Xcel’s contractor, Q3, will be upgrading their facilities on Floyd Ave. and on Floyd Place soon. Residents will see construction vehicles and equipment at work. Xcel has notified affected residents and the Englewood Police Department regarding the upcoming work.

ENGLEWOOD GOLF COURSE – FRONT NINE IRRIGATION PUMP STATION INTAKE PIPE
American Civil Contractors (ACC) is replacing the old decomposing intake pipe from the pond to the irrigation wet well with new HDPE pipe. Approximately 75 feet of pipe will be replaced. The intake pipe has been installed into the wet well and grouted. The new screen has been placed on the opposite end of the intake pipe. The area has been backfilled and graded, and the rip-rap is being replaced. ACC will return in the spring of 2012 to repair the irrigation pipe that was damaged during construction. They will also seed the construction area and add soil where any settling has occurred.

XCEL ENERGY PROJECTS
Gas Line Replacement Projects
Xcel Energy continued the installation and upgrade of gas lines in the northbound lanes of the 4200-4400 blocks of S. Broadway. Northbound traffic will be restricted to one lane between the hours of 8:30 AM and 3:30 PM. The project is expected to last until May 20th.

Installation and upgrade of gas lines in the 3600 block of S. Broadway continued. This section of Xcel’s project is expected to be completed by June 9.

DENVER S. BROADWAY IMPROVEMENTS
The City of Denver continued construction on S. Broadway between Wesley and Yale. The contractor is addressing a few minor punch list items on the traffic signal at Yale. Paving of the Yale intersection should be completed soon. Information about the Denver project can be seen at the following website:
http://www.denvergov.org/ProjectsinProgress/SouthBroadwayWesleytoYale/tabid/434078/Default.aspx

CONCRETE UTILITY 2012
City Council approved awarding a contract to NORAA Concrete Construction at the April 2nd City Council meeting. The project is scheduled to begin the first week of June. Staff is in the process of marking concrete scheduled for removal and replacement. Work is expected to begin around the first of June.
Questions regarding the upcoming program should be directed to the Concrete Utility, 303-762-2360 or

UNION AVE. PAVING PROJECT
Plans and specifications to repair West Union Ave. at the truck entrance to Waste Management and Brannan Sand & Gravel are complete, and the project has been advertised. Due to heavy truck traffic and turning movements, the asphalt roadway in this area has been a maintenance issue for many years. The project will remove asphalt, and a concrete paving section will be constructed. Bids were opened on
March 29th. Staff discussed the project at the April 23rd Study Session, and we expect to present a motion to award the contract at the May 7th Council Meeting. Work is tentatively scheduled to begin on May 18th.

**CITY RADIO SYSTEM-REPLACEMENT WITH PUSH TO TALK**
The Servicenter Garage continues to remove old radios from vehicles as they are being serviced.

**STREET MAINTENANCE PROJECTS 2012**
Avery Asphalt will begin the 2012 Spring Crack Sealing Project next week (see attached map for the locations).
Street Division staff are pouring cracks with in-house labor as weather and time allow (Zuni St. completed last week).
Street Division staff completed the Spring Alley Grading Program. Alleys are typically graded twice per year.
The 2012 In-House Overlay Program will begin in mid-May (see attached map).

**CITYCENTER SITE DEVELOPMENT**

*Alexan East and West Parcels*
438 residential units. Alexan’s occupancy level for March, 2012 is 94.5%. Commercial uses: Let It Bead, State Farm, Lifetime Family Practice, Cuttin’It Loose, Jackson Hewitt Tax Service, Foothills Physical Therapy, Creative Perspectives, CityCenter Community, Solid Grounds, and Weingarten Realty.

*Parkway Retail / Office Buildings*
Commercial uses: The International House of Pancakes (IHOP), Qdoba, GNC, Supercuts, Nails Center, CityCenter Dental Group, MMB Hearing, Tableaux Interior Design, Englewood Eyecare, Collective Licensing Int’l, Inc., M.P. Hayutin, LLC, CityCenter Wine and Spirits, Quizno’s, Miller, Air Walk, “Insurance Company of the West”, Printwear Express, Fred Astaire Dance Studio, Wellness Treatment Center, SB Clark Companies, Unifocus, and Bartertown Comics.

*Bally’s Building*
Tenants include Bally’s, “Blondies Fire House Pub and Restaurant”, and MaxFour.

*Retail South of the Parkway*
Tenants: Petco, Ross, Payless Shoes, Coldstone Creamery, Noodles, Sports Authority, and Office Depot. Payless Shoes has closed.

*Gold Mine Pad*
Tenants include: Jamba Juice, Tokyo Joe’s, and Mega Wraps. Weingarten Realty announced a new tenant for the vacant space between Mega Wraps and Tokyo Joes, Doctors Express Urgent Care Facility.

*CityCenter Site*
EEFI continues project management of all infrastructure on the site. Staff is monitoring the security, sweeping, snow removal, and day porter services performed under the Common Area Maintenance. EEFI’s fountain will be turned on next week (scheduled for Tuesday).

*Bradley Station Environmental*
EEFI’s environmental consultants prepared an Executive Summary Report (dated July 28, 2008). Updates will be provided as additional information is received.

**ENGLEWOOD MCLELLAN RESERVOIR FOUNDATION (EMRF)**

*PA-84 West*
The Mike Ward Infiniti dealership opened on Monday, August 29th. A Grand Opening was held on November 10th.
The EMRF lease with the Larry Miller Nissan Dealership was signed on February 7th.

*PA-85 (RTD site)*
RTD paid the final billing in the amount of $591,836.86. Finance has deposited this money in the LTAR fund.
PA-85 (Benjamin Franklin Charter School)
The Benjamin Franklin Charter School has received their Certificate of Occupancy.

AIR QUALITY/ENERGY SAVING PROJECTS

Flex Fuel Program
Currently, 39 of our fleet vehicles are running on E-85 ethanol fuel. All new replacement vehicles (less than ¼ ton) will be compatible with E-85. Approximately 50 Flex Fuel vehicles will be in our fleet within two years. Currently, the cost of E-85 fuel is approx. $0.40 per gallon less than regular unleaded gasoline. Ten of our fleet vehicles run on Compressed Natural Gas (CNG). 39 on-road vehicles and 23 off road (construction equipment) run on biodiesel fuel.

Hybrid Vehicle Purchase
Two hybrid vehicles are in service, one in the Fire Department and one in the Building Division.

"Green" Programs
We continue to work with our vendors to expand the Green product line as it becomes available. 90% of our custodial paper supplies are from recycled sources. The Servicenter is now “single-streaming” waste at the Servicenter and a dumpster has been supplied for cardboard only recycling.

Energy Saving Projects
In 2001, the Public Works Traffic Division began an ongoing program to convert traffic signals from incandescent lamps to Light-Emitting-Diode (LED) bulbs. To date, 80% of our City maintained signals have been converted. LED traffic signals use 90% less energy than incandescent lamps, last 5 times longer, and provide better visibility.

Electric Vehicle Charging Stations
Staff discussed a potential grant to install charging stations at the Study Session on May 23rd. The joint application has been submitted to the Department of Energy. We have received word that the grant has been approved. Discussions, through the State, continue regarding local regulations, Xcel power issues, public use, and cost.

GPS IN VEHICLES
The City received a grant, through RAQC (Regional Air Quality), to install 37 GPS units in some of our fleet vehicles. Our match to the project is the installation. The Servicenter Garage will install with in-house labor. The GPS units will be installed in Police patrol vehicles, Public Works vehicles, Fire Department equipment, and some Wastewater Treatment Plant vehicles. GPS equipment installation continued. 16 of the 37 units have been installed so far. The system will allow us to track locations, easily obtain information regarding quantities of ice slicer dispensed, monitor idle times, and allow the public to track where plow trucks have been.
2012 Crack Sealing

Legend

Total Blocks (approximate)

- Crack Sealing: 120

Note: Typical city block = 660 ft x 32 ft
NOTE: This map depicts street repairs planned for 2012. However, streets actually repaired are subject to change, due to field conditions, weather, etc.
