Parks and Recreation Department

Englewood School District’s construction of their new girls’ softball field at the Hosanna Athletic Complex at Englewood High School has begun. The new field will replace the west soccer field. The picture on the right is of the west soccer field before construction on July 26, 2013. The picture on the left is during construction. Over the last week, new dugouts have been installed in addition to a warning track and irrigation. Completion date for the project is August 15, 2013. The Hosanna Athletic Fields are maintained by the Department of Parks and Recreation through an Intergovernmental Agreement with Englewood School District.
The Department of Parks and Recreation’s Summer Drama production, *Oliver!*, took to the stage on July 26, 27 and 28 at Mullen High School. This year’s production had one of the largest and youngest casts ever, consisting of eighty-three actors and actresses with an age span of 6-76 years old (33 of the cast were 12 or under). One thousand and eighty-three people enjoyed one of the three shows where they were given the opportunity to purchase chocolate bars with a souvenir *Oliver!* wrapper. Roses were also available for purchase that allowed audience members to write motivational words to the cast members for them to read and enjoy.

In the past, the Department’s summer drama productions have been held at Englewood High School but due to the construction, the Department had to find an alternate location. For the first seven weeks, the children’s morning classes and the evening rehearsals were held at the Malley Recreation Center and the set was built at the Public Work's facility at the Service Center. During week eight, the transition took place, moving all of the set and cast to Mullen High School. Everyone worked hard, pulled it together and offered an amazing show. Mullen High School staff was amazing to work and were receptive to our needs. It was a wonderful collaboration.

Due to feedback from parents, the Recreation Department has extended its KidConnections Camp as KidConnections Supersized! Due to Englewood Schools starting later this year, we are extending camp duration. Camp will be held at Englewood Recreation Center/Rec Zone from Aug 5-23, 7:45-5:15 pm. This is only available to current camp participants. Regular camp is winding down at Cherrelyn School and will end August 2nd. Camp has been a great success with lots of positive feedback about the super staff and fun activities from parents and campers.
Pirates Cove held a food drive to benefit Well-feed Inc. food bank from July 14-July 20. Over 1,000 lbs. of food was brought in over the one week period. Those bringing in a non-perishable item received a coupon for a free 22oz soda.

Earlier this year, the Department of Parks and Recreation’s Aquatics Division was awarded a grant from the USA Swimming Make A Splash Program. With the grant, the Department was able to offer and award swim lessons to 400 children for only $5.00. With drowning the second leading cause of accidental death in 1-14 year olds, it is the goal of the Aquatics Division to offer swim lessons to as many youth as possible to hopefully narrow the gap of drowning.

On Thursday, July 18th from 6:30-8:30pm, Pirates Cove held its Annual Kids Only Night. Youth ages 10-14 swam and splashed to the beat of a DJ. A treasure hunt was also included in the night’s festivities.

Subject: Kent Place Request

To Whom It May Concern,

Kent Place reached out to our community with regard to their request of the City to allow the start times of construction to be as early as 4:30 A.M. approximately once a week for the next 24 weeks.

Kent Village would like the City to know we support this request as we would like the project to continue to move along and feel this request is appropriate to help in that goal.

Sincerely,

M. Michael Cooke
President, Kent Village Board of Directors

Englewood, CO 80012

Dear Ms. Cooke,

We have received a copy of your letter dated July 26, 2013 in which the Board of the Kent Village HOA has indicated the Board has no objection to allowing the contractor for the residential buildings at Kent Place to begin work at 4:30 a.m. on one day during the week. As you may be aware, the construction hours for the Kent Place project were approved as part of the PUD and stipulate a start time of no earlier than 6:30 a.m. and an end time of 6:30 p.m. Monday through Friday. These hours are shorter than what is allowed by the Englewood Municipal Code.

In order to modify the hours of construction to allow the contractor to begin work at 4:30 a.m., the PUD will need to be amended. This process will entail public hearings at both the Planning and Zoning Commission and City Council. The amendment process would take approximately three months from the time an application is received. A neighborhood meeting must be held prior to submitting an application.

While we also share the goal of moving the project along, we as staff cannot override the restrictions agreed to as part of the approved PUD. The public hearing process allows other neighbors in the vicinity impacted by the construction to voice their opinions about the proposed extension of the construction hours as well.

Thank you for your letter and support of the Kent Place project. Please contact me if you have any questions.

Sincerely,

Alan C. White, AICP

SUBJECT: Update Craig Hospital – Arapahoe County Enterprise Zone Contribution Project

At their July 25 meeting, the Colorado Economic Development Commission approved Craig Hospital’s application to become a qualified contribution project through the Arapahoe County Enterprise Zone. Staff is developing an agreement that will be signed by Craig Hospital that outlines the administrative and reporting requirements to remain in compliance with the Enterprise Zone statute.

To support their significant capital campaign Craig Hospital has expressed an interest in becoming a qualified contribution project through the Arapahoe County Enterprise Zone. Craig Hospital is undergoing an $85 million expansion of their facility. This involves a significant fundraising campaign and hospital administration believes that the tax credits offered through the Enterprise Zone would be beneficial in attracting donations to support the expansion.

In 2001 the Arapahoe County Enterprise Zone was expanded to include Englewood’s medical campus, comprising both Craig Hospital and Swedish Medical Center. As a for-profit enterprise, Swedish Medical Center can take advantage of the State of Colorado tax credits offered for their investments within the community. As a non-profit enterprise, Craig does not have tax obligations with the State of Colorado, so the tax credits for investments are irrelevant. Craig can however apply to become a qualified contribution project, entitling donors to valuable State of Colorado tax credits. This process required the approval of the State’s Economic Development Commission (EDC), which involves Craig Hospital submitting an application to the EDC for consideration and approval.

And Colorado’s manliest city is — drum roll, please — Englewood

Bruce Goldberg
Associate Editor- Denver Business Journal

There’s no truth to the rumor that “Two and a Half Men” will be shot in Englewood from now on. But it’s probably only a matter of time.

Movoto.com — an Indianapolis-based real estate blog that researches city data from around the nation — not only ranked Colorado as the MANLIEST state in the union (more on this later), but also named Englewood the No. 1 city for manliness in Colorado. Denver? No. 3.

Now, we usually pay about as much attention to these publicity-seeking surveys as we do to phone solicitors (and why can they still get through to a home that’s on the national Do Not Call list?).

But Movoto has proven to have a sense of humor about all this.

“… the state of Colorado is a beacon of ruggedness throughout the American West and beyond,” Movoto opines. “With its abundance of outdoor activities and wide-open spaces, this icon of the Old West and the gold rush is easily one of the manliest in the union.”

DANG IT! We just chipped a nail.

OK, the bleeding has stopped. Let the healing begin.

Colorado’s top 10 rankings:

1. Englewood

2. Littleton (must be all the cute shops on Main Street in Downtown Littleton).

3. Denver (c’mon, we’ve got the National Western Stock Show and the Broncos, fercryinouloud. Not good enough to be No. 1?).

5. Wheat Ridge.
6. Fort Collins (hey, they’re going to build a new football stadium, if funding allows).

7. Boulder (the triathlon and climbing types apparently outnumber those who insist on reading your aura to gauge your acceptability).

8. Loveland

9. Lafayette

10. Lakewood (apparently, it’s bad to name your city starting with the letter “L.”)

Movoto, of course, used a highly scientific method to determine these rankings. In each city, Movoto weighed the retail presence of—hope you’re sitting down—barber shops, boxing gyms, car parts stores, cigar shops, gun stores, hardware stores, sporting goods stores, sports bars and steakhouses.

There was no category for number of 1970s-style men’s consciousness-raising sessions.

But Movoto’s naming of Colorado as the most manly state? Purely an opinion and not based on any facts, admits the blog’s Travis Sawrie.

“We took a little bit of liberty with that; that’s just kind of our own little opinion,” he says. “When you compare Colorado to Delaware, I think most people would agree that Colorado is a manly state.”

Uh oh: If you’re a Colorado company that’s incorporated in Delaware, be prepared for a cat fight-like backlash.

Now, it’s time to get our pores vacuumed.

MANLINESS JUST ISN’T ENOUGH: Denver takes it on the glass chin one more time.
